Teeth of the Dog

Golf

Casa de Campo's Pete Dye-designed golf courses are among the best in the world. The famous "**Teeth of the Dog**" has seven holes skirting the ocean and consistently ranks as the #1 course in the Caribbean on **Golf Magazine's "Top 100 Courses of the World."** The "**Links**" is a challenging inland course; and the new "**Dye Fore**" perched atop the bluffs of the Chavon River, is a masterpiece destined to rival the "Teeth of the Dog."
