About Hidden Trails

Explore the World on Horseback

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Wyoming, USA

The Two Creek Ranch is a family owned working cattle ranch. Currently running 600 mother cows on 25,000+ acres of land. The winter and spring range is located 8 miles south of Douglas, nestled along the North Platte River, with the LaBonte and Wagonhound Creeks flowing thru. The Oregon Trail straddles a portion of the range, where the ruins are still visible today.

The ranch has two summer ranges, one 15 miles North of Douglas and the other 75 miles SW of Douglas, on the Laramie Plains. From February through October, you can experience life as a true working cowboy. Calving, branding, gathering, sorting, trailing and shipping cattle is what Two Creek Ranch is all about.

Join us for the ranch's main Spring and Fall Cattle Drives with long days in the saddle - not made up for city slickers !

Itinerary

Spring Cattle Drive

This is our 75 mile cattle drive to summer pasture located on the Laramie plains. We spend several days gathering the cattle from the spring pasture and trailing them to the ranch. Those nights are spent at the ranch and guests stay in the bunkhouse. We turn out the pairs and start on the journey. The cattle spend their first night at the county pen, the next night the cook and the trailers join the drive. We move the cattle about 10-12 miles a day with a break at lunch to rest the cattle, riders, and horses. We follow the old Fort Fetterman Freight trail to the Laramie Plains. We will then spend a day sorting cattle. Overnights at the Little House on the Prairie. For this event you will need a sleeping bag for the 4 nights we camp out.

Fall Cattle Drive

The fall gather will take place on the Laramie Plains and the Laramie River Ranch for the 75 mile trip home. There will not be as many cattle in the fall because of shipping the steer calves, still over a 1,000 head. This trail is spring in reverse. The Cattle move easier this time of year because the cows are ready to come home and the first couple of nights at Cow Camp and 4 nights camping and the remaining nights at the main ranch. Weather that time of year is unpredictable. Anything from Indian summer to rain, snow or blizzard.

Note: Two Creek is a working ranch, and because of the weather and other considerations, any of the events may change.
