About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Pace

This trip includes 6 days of riding in enchanting mountains, deep river gorges, lush meadows and dense forests. The trail offers a variety of terrains in which one can experience of all types of paces. We ride between 4 and 6 hours every day.

Horses

Most of the horses are crossbreeds between the local East-Bulgarian and Karakachan with a mid-height of 150 cm. They are well known as thoughtful and tough, and are thus extremely well-adapted to the mountainous region of the Stara planina (Balkan).

They are well behaved and are used to each other so you will not experience any trouble with them walking, trotting or cantering in a group together.

Though our horses are suitable for riding, saddling etc. they are still working horses and they are taken care of just like the typical free grazing horses in the region. This might be quite different from what a rider with an experience abroad must have seen, but please, keep in mind that this is how the local people have raised their horses for centuries. As a company that has always tried to help the small local communities in Bulgaria by bringing tourists to them, we would like to ask you to respect and understand these traditions and practices.

Bachkovo Monastery

Second only to Rila Monastery in national significance, Bachkovo dates from 1083 when it was established by Grigori Bakuriyani, a high-ranking Georgian in the Byzantine administration. At the end of his life he wanted to exonerate his sins and so he had this monastery built. He himself stipulated in the code of ethics (kept in the monastery museum) that "a man of Byzantine descent not be accepted as a monk here." Over the centuries the monastery has been ruined and rebuilt several times; only the eleventh century ossuary is original. The latter, a two-story building, is 200 meters east of the monastery; on the second floor is a mural depicting Tsar Ivan Alexander and his wife, and another of the monastery's founder and his brother. In the refectory, the dining room table consists of a large marfale slab. Underneath the wall and ceiling plaster researchers have found portraits of philosophers Socrates, Plato, Aristotle, Diogenes and Aristophanes.

In the museum (formerly the kitchen) there is a sabre which belonged to crusader Fridrich Barbarosa and icons by Zahari Zograph and his followers. The Zograph mural in St Nicola church (dating from 1850) depicts the Apocalypse and is one of the most interesting examples of Bulgarian revival art. It features realistic portraits of highly-placed contemporary figures in full dress as well as sinners in the nude awaiting judgment. On the same

wall, Zograph drew a portrait of himself standing alongside the head abbot of the monastery.
