

# Hidden Trails

Ph. 1-888-9-TRAILS

*Equestrian Vacations  
- on & with Hidden Trails*

## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

British Columbia, Canada  
The remote wilderness lodge and base for this trip is located at the north end of Chilko Lake, British Columbia, the gateway to Ts'yl-os Park. This is the dividing point between the stunning Coast Mountain range and the Chilcotin Plateau, where the crystal clear Chilko River winds its way down to the coastal watersheds. The area offers excellent riding country and superb [world class fly fishing](#).

Riding is a physical experience. It makes our senses come alive. It is the smell of a good horse, leather, the fresh scent of a pine or fir forest. It is the sound of cantering hooves, of crackling leaves, of horses snorting or a soft whinny. It is the sight of new country and spectacular vistas unexplored. It is the feeling of a strong animal beneath you, of your own strength and ability, and although few words are spoken, lines of communication between horse & rider are shared and understood. It's the freedom to just ride for miles!  
The Chilko Explorer Ride was designed for the intermediate to advanced rider looking for an exciting riding adventure in breathtaking country while enjoying the comforts of a wilderness lodge at night. The daily rides from the lodge offer a variety of riding experiences - ride up Mount Tulin and enjoy some of the most superb views over Chilko Lake - then explore the Chilcotin Plateau with its open grasslands, rolling hills, numerous small lakes, adjacent mountain peaks with unmatched vistas and a couple hundred miles of riding trails. You will love it!

After an exhilarating day in the outdoors, you can play volleyball or horse-shoes, relax in the whirlpool on the front porch overlooking the Chilko Valley, or just relax in front of the large wood-burning fireplace exchanging stories with your fellow riders. Exceptional meals and fine wines are served family style. On one day during the week you will take part in a float trip down Chilko River or sightseeing boat ride up Chilko Lake.

In late September and early October we are offering week long Grizzly Bear viewing and Photography classes in combination with a little time for riding through the fall landscape.  
There is no more pure symbol of the Canadian wilderness than the grizzly bear and to see it in its natural habitat is an awe-inspiring experience. Our guided grizzly bear viewing vacations take advantage of the peak fall season when the bears are drawn to the Chilko River to feast on the bountiful salmon that fill its waters. The Chilko Valley has one of the largest concentrations of grizzly bears during the peak season in the fall. It is not uncommon to see many large boar grizzly bears as well as many sow and cub combinations. It is exhilarating to see a mother grizzly passing her fishing knowledge down to her cubs and witnessing their first catch. Watching these wonderful bears playing and fishing in their natural environment is an experience you will never forget.

## Accommodation

### Accommodations

This is a stationary ride, so all nights will be spent at the same location.

### Description

The wilderness log lodge provides a warm and welcoming gathering place to enjoy good times with your fellow travelers. Situated adjacent to the Chilko River, the location of the lodge and guest cabins all take advantage of offering you beautiful views of the river, valley, and the Coast Mountains. The lodge hosts the dining area, the great room with a big stone fireplace, a fully stocked bar of beer, wine, and spirits, Jacuzzi, barbecue area, and big decks. The lodge is a great place to share a drink, play a great game of cards, soak in the Jacuzzi overlooking the river, or take advantage of the big deck while viewing millions of stars. Of course an option is to sit by the roaring fire sharing a great story of the day. Canoes and kayaks are also available for use. Please note there is no cell phone reception or WIFI.

#### Cabins/ Rooms

We have 3 log cabins and 4 rooms in the lodge to accommodate up to 16 guests (a mix of riders, fly fishers, or bear viewers). Riding groups are kept to 6 to 8 riders max). Each unit is set up for two people and offers private bathrooms, comfy beds with Egyptian cotton sheets and duvets, gas fireplaces, or a wood burning stove. The accommodations are very comfortable. There is daily maid service to ensure that your room or cabin is kept comfortable for your stay at the lodge. We have a laundry machine available and clothesline at the lodge, which can be used in the evening- otherwise the cabin attendant can do laundry for a small fee.

#### Room Occupancy

Single supplement will include a private room but may have a shared bathroom with the same gender.

#### Meals

All meals are included in this trip from lunch on Day 1 to breakfast on your last day. Life at the lodge is focused around the great outdoors.

The gathering of everyone for meals is a special time of the day. We serve all meals at the lodge "family style." Wonderful Canadian breakfasts as well as fresh fruits, cereals, yogurts, and juices are served before you active day on the river, lake or trail.

Lunch is spent streamside, on top of a mountain, or wherever your wanderings have taken you, giving you total freedom throughout the day.

The evening meal is especially nice. After a great day, everyone can relax with a good dinner, a glass of wine, and great company, sharing stories from their adventures. Wonderful meat dishes, breads, salads, pastas, vegetables, delicious desserts and table wines are served. This is all "no guilt" eating, as your active day ahead needs the energy!

Another highlight is a fully stocked bar located within the lodge where you can purchase drinks for an extra fee. It is the perfect place to enjoy a glass of wine or cocktail while you sample tasty appetizers made by the in house chef. The bar is fully stocked with an assortment of spirits, beer and wines. Wine is included with dinner only.

#### Dietary Restrictions

We can cater to vegetarians with prior notice.

Note: During Grizzly Bear Photography weeks, breakfast is earlier (7:30am) and dinner is later (7:00pm).

## **Riding**

#### Riding Experience

All riders must be physically fit, able to mount and dismount both sides of a horse, walk, trot, canter, and saddle up. Guests are usually intermediate riders allowing us to enjoy great canters through the forests or across open meadows. Riding is a physical experience. It makes our senses come alive. If you are returning to the sport of horse riding after some time off, we highly recommend taking some lessons prior to your arrival at the lodge. It will make your trip all that much better!

Page

#### Rides

Rides are from 10-25 km long and are from 4 -6 hours in duration. Our daily rides from the lodge offer a variety of excellent riding experiences. Explore the Chilcotin Plateau, which offers open grasslands, rolling hills, numerous small lakes, adjacent mountain peaks with unmatched vistas and a couple of hundred miles of riding trails. Tree riding is a big part of your week. We like to take some of our exciting windy trails at a fast trot or slow canter; we even named one of our rides as the "roller coaster". It is great for stretching your ability and improving your confidence. It is a lot of fun and we know that you will love it!

#### Horses

We normally keep around 45 horses. The number one standard for our horses is attitude. You can train everything else, but attitude is hard to change. Our horses are friendly and a joy to ride. The herd is a mix of many different breeds including Arabs, Quarter, Appaloosa, Paints, Draft, and Thoroughbreds. And you will be amazed at how well they do their job! We have many different types of horses to suit all different riders. No matter the breed of horse, our horses are chosen for their disposition, endurance, and strength. They are all very comfortable on the trail and in the mountains. A soft hand, a tasty apple treat, a nice brushing, and a good scratch is always welcome!

#### Guides

The guides love the outdoors, riding, and are experienced horse people. If you have never ridden with Western tack or saddle, do not worry. They can help you make the transition from English riding to the Western riding style. Your guide will show you the proper horse cues and show you how to tack your horse up. The guides can ensure that you are matched with the right horse for your riding ability and personality. Our equipment and tack are well maintained and fitted to the individual horses. All riding groups are kept small (max 8 riders in a group).

## Itinerary

#### Sample Itinerary - subject to changes

One day during the week, usually after the longest ride, we give the horses a rest and we take a boat and head up the lake to explore Chilko Lake. This fifty mile lake is surrounded by 10,000 foot jagged peaks and fed by glacial streams. While on the trip we look for Mountain Goat, Mule Deer, Moose, black Bear, or Grizzly Bears. We beach the boat and take a hike to a jewel of a hidden lake and beautiful waterfalls. The day is capped off with a tasty lunch on a pristine beach. Chilko is considered by many to be one of the most beautiful Lakes in North America.

#### Day 1 (Sunday): Arrival

A 9:30am charter flight takes you from Vancouver across the magnificent glaciers of the coastal mountains to Chilko Lake, where our host will greet you at the private landing strip of the ranch. After lunch and a short introduction, you get a chance to test your horse on an afternoon ride.

#### Day 2 (Monday): Green Lake Ride

After breakfast we ride through fir forests to Green Lake. Along the way we stop for a picnic at the lake. In the afternoon there are some wonderful opportunities to canter on soft forest trails.

#### Day 3 (Tuesday): Chilko River Ride

Today's ride is along the Chilko River and through the forests. A mix of walking, trotting, and some great canters.

#### Day 4 (Wednesday): Mount Tulin Ride

We ride up the steep trails of Mount Tulin. The ride takes us through magnificent fir forests to the timberline. From the summit it takes a 20-minute hike to reach the top of the mountain. Soak in the panorama of the Coast Mountains and 55 mile long Chilko Lake with its turquoise waters and the breathtaking beauty of Tsylos Park.

#### Day 5 (Thursday): Chilko Lake Ride

One day during your stay the riders will head up beautiful Chilko Lake. Pristine Chilko Lake is the largest natural high mountain lake in North America. Surrounded by glaciers, rugged towering peaks, roaring creeks and rivers, waterfalls, and of course the wildlife. Due to the glacial silt, Chilko Lake has a gorgeous turquoise coloring. The views, whether looking down on her or up from her, are unbelievable. You might have a chance to visit the old mining cabin at Franklin Arm and hike up to the waterfalls, or hike to a secluded glacial lake.

#### Day 6 (Friday): Rollercoaster Ride

We enjoy many brisk canters across the Chilcotin plateau and along the Chilko river. Advanced riders will enjoy the "rollercoaster" rides on narrow, windy forest trails. Due to the fast pace of these rides you have to be able to develop a good feeling and communicate well with your horse. It is excellent for stretching your riding abilities and building your confidence. Both the horse and rider find it fun and challenging. But not to worry, the horses are well trained and easily controllable. We stop for a nice picnic by the river with its fast flowing waters.

#### Day 7 (Saturday): Henry's crossing Ride

A brisk ride takes you along the Chilko river to Henry's crossing. Enjoy a well deserved lunch break on the only bridge that spans the river. In September you can watch natives fishing for salmon here. In the afternoon we canter along the east side of the river to Canoe Crossing always with the whole mountain range in clear view. The horses swim across the river and freely gallop home while a boat ride takes you back to the ranch. In the evening a fabulous farewell dinner with barbecue awaits you.

#### Day 8 (Sunday): Departure

Return flight after breakfast or start of another wilderness ride.

#### Non-Riders

If you are travelling with a non-riding companion, he/she could join one of the following tours.

#### Grizzly Weeks

The Grizzly Photography package includes fully guided excursions by boat to view and photograph grizzly bears and other wildlife. Generally in the early morning and late afternoon (for best lighting conditions) to get a good look at these magnificent animals. The photography package is offered from Mid-September to the end of the season. So if you love to ride, but your travel companion loves to photograph, the bear photography package might be an option for you. Join up at the end of the day.

#### Fly-Fishing

Whether you are experienced at fly fishing or a beginner, both the Chilko River and Chilko Lake are a great spots to enjoy the sport of fly fishing. This fully guided 8 day excursion with our excellent guides will ensure your fly fishing trip is the best it can be. Our packages are from Sunday to Sunday, offering you six and half days of excellent fully guided fly fishing for wild trophy rainbow trout.

### Other Info

**Meeting:** Chilko Lake

**Airport:** Vancouver International Airport (YVR)

Walk | Trot | Canter |

**Level:** 🐾🐾🐾🐾🐾 (3.5 to 5 out of 5) Good Intermediate

**Weight:** 200 lbs

**Riders:** Min 2 riders

Max 6 riders

### Fly Fishing

**Guided Dry Fly Fishing on Chilko River for Rainbow Trout - Great Fishing, Crystal Clear Water, Superb Scenery**

Whether you are interested in fly fishing on Chilko River or trolling along the shores of Chilko Lake, we have great fishing for native Rainbow Trout and Bull Trout (Dolly Varden). All you have to do is step off the porch and you are there.

#### Amazing Fly Fishing on Chilko River

Whether this is your first fly fishing trip to British Columbia Canada or you've traveled the globe in pursuit of the perfect river fly fishing adventure, the Chilko River is an experience that should be on your bucket list!

We've got it all, the world-class River, the largest, high elevation fresh water lake in North America and a wild, scenic backyard as big as it gets. Chilko Lake and River are the spawning grounds of the second largest Sokeeye Salmon run in BC, as well as the rearing area of the Chinook (Spring Salmon) and some Coho and Steelhead. Guests that have fished all the big name fly fishing spots—New Zealand, Argentina, Alaska, Montana—they tell us Chilko River is the gem of them all.

The Chilko River is not stocked; these are wild native rainbow trout living in one of Canada's top 4 salmon producing rivers. No dams, no logging, no developments, clear, drinkable fresh cold water, fed from glaciers keeps our rainbow population strong and healthy.

Float a line from a drift boat, jet sled or float-tube. Wade the riverbank for total serenity. Spend the day on awe-inspiring Chilko Lake fishing the mouth of glacial streams. This is one of the very few wilderness lodges anywhere with this many ways to spend a day on the water.

With over 52 years at Chilko, your hosts know how to operate a successful fly fishing lodge in this rugged wilderness. They have a proven formula—the food, the staff and the equipment—it all adds up to a great fly fishing trip, fun and good times.

#### **A #6 floating line, a 4X leader, and a 6 lb. native Rainbow ... Yes, that's what we love to do!**

The lodge stays offer some of the best River Fly Fishing you will find anywhere and is the ideal spot to bring non fishing partners – there is excellent horseback riding opportunities for the seasoned equestrian.

#### **Chilko River**

Chilko River remains one of the premier streams in North America for wild, native Rainbow Trout. Its waters produce an abundance of insect life, making the river extremely productive for 'Catch and Release' fly fishing. Chilko's crystal clear waters with deep pools and long ledges, from calm to fast, offer an exceptional variety of fishing opportunities for the sport enthusiast.

Professional guides will take you downriver with state of the art flat bottom jetboats. You will float drift from the boat, wade the long ledges, or anchor in front of pools. Or use one of the popular U-Tubes and fish some of the calmer waters of the river.

#### **Outstanding Rainbow and Bull Trout Fishing**

The **Rainbow Trout** are all native to this system and as a result are vibrant, healthy and amazing fighting fish. It's not uncommon to be taken into your backing and to see your fish torpedo across the surface of the water, cartwheel, jump repeatedly and to snap you off in an explosion of color and heart stopping action. These stunning Rainbows grow to extraordinary sizes due to the large late summer runs of Sockeye and Chinook salmon, the spring smolt escapement from the lake and the never ending summertime insect hatches make for healthy rainbow trout (see our hatch guide). Be under no illusions that you will encounter wild 'bows over 20 inches and perhaps that fish of your dreams in the high twenty inch range!

**Bull Trout** are built for predation and here we target these apex predators both on the Lake and in the Chilko River. They grow to trophy sizes and are often seen hammering shoals of bait fish on the lake and will even chase down hooked rainbows to the boat. They offer exciting sub-surface action and it's not uncommon to see Bulls of over 10lbs.

#### **Season**

Fly fishing season is from the middle of June to the middle or end of September. Best Dry-Fly season is in July and August.

#### **How Do We Fly Fish the Chilko River?**

The Chilko River has many different sections of the river that change speed, depth and shore vegetation. We fly fish on the Chilko River a variety of ways. We wade all the different pools and ledges in the first 5 miles or so. There is always guide support while you are wading. A guide will keep you moving from shelf to shelf and offer assistance when needed. We also drift fish from the boat. With one person fly fishing from the bow and one from the stern your guide can direct you over all the shelves that hold our rainbow trout. This can be very productive as you can cover a lot of water in a short period of time. Once at the end of your drift, the jet motor is used to move upstream for another drift. We also use float tubes to fly fish the river. A guide will drop you off upstream so you can drift down the river, stopping at all the shelves you want, and fly fish from your float tube. This is a very exciting way to catch that really big fish! Fly fishing at Ts'yl-os Park Lodge you can expect to have 2-4 fly fishermen per guide. We do our very best to accommodate your needs when guiding; we are always concerned with your safety and happiness on the river.

#### **Chilko Lake**

With her towering peaks and pristine beauty, Chilko Lake is a fly fishing dream. Wet fly fishing on the lake, we will catch primarily Dolly Varden at the creek mouths where they feed on Salmon fry. Dolly Varden average 22-32 inches. The setting is breathtaking and the fly fishing fabulous! This is a trip that you will not want to miss.

#### **Professional Guides and Equipment**

The McLean family has been guiding at Chilko since 1957! They pride themselves in offering excellent river guides who will do their very best to ensure that your fly fishing vacation is the best that it can be. They keep fly fishing rods on hand at the lodge for complimentary use by the guests in case you need one. There are float tubes and flippers ready, so you will not have to bring your own. The flat bottom jet boats are in excellent order, very safe and the best boat for the job. We suggest flies to bring but we also keep a stock of fly fishing supplies on hand, such as: leaders, tippet, our favorite flies and dry shake.

We ask all fly fishing guests to bring their own waders.

#### **Angling Policy**

The Chilko Lake and Chilko River have always supported a large population of Rainbow Trout and Bull Trout (Dolly Varden). In order to maintain these waters as premier fly fishing waters we ask all of our guests to release their fish back into the water with great care. Our guests and guides are very careful when handling the fish, because they know that she will still be there next year, a little bit wiser and a whole lot bigger!

*Our goal is to ensure the Chilko River and Chilko Lake species:*

- Remain a native species. No stocking of the system here....

- Retain or increase their quantity, health, and quality as beautiful healthy trout.

The pace is relaxed, the scenery superb, the waters are crystal clean, and the fish are healthy and strong!

Yes, we have great fishing !

## Rates and Dates 2026 - GRBC01

### Rates include:

**Lodge ride:** Accommodation, All meals including wine with dinner, 6 riding days, 1 day lake trip by boat for hiking and sightseeing & Use of canoes and kayaks  
Saddle bags are provided

**Bear photography:** Accommodation, All meals including wine with dinner, 6.5 days of bear photography (1 guide per group of 3 photographers - max 9 pax) & Use of canoes and kayaks
