About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Central, Albania

Riding along Vjosa River – the last wild river of Europe.

This trail combines a challenging riding experience in different landscapes with many possibilities! You will get the privilege of experiencing Albania's true natural landscape with swimming in rivers, river hiking, canyon exploring, and camping some nights. To pair this trip like a fine wine, you will be sharing time and accommodations with local people, visiting rare culture monuments, and meeting monuments of Albania's communist dictatorship past. Local traditional food, famous Permeti Raki and wine tasting, livestock rituals, and city night life will make this trail very diverse in experiences. Being guided on horseback gives you the opportunity to visit tiny villages where the locals rarely see visitors. They are all welcoming and excited to show you about their way of life. Riding along river Vjosa, the last wild river in Europe, and camping in the river bed is the most beautiful experience of this trail. Vjosa "the blue heart" of Europe, along its entire course of over 270 kilometers, is untamed, free flowing, and characterized by beautiful canyons, braided river sections, islands, oxbows and meandering stretches. Vjosa River is one of the most complex habitats for spawning fish and migratory birds. Guaranteed to please any history-lovers, culture-explorers, and nature-seekers, this trip is unlike any you will ever find.

Our horses are trained with natural horsemanship techniques that we are pleased to share with the guests.
