About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Corrientes, Argentina

Corrientes is still a place where gauchos regularly drive cattle and horses from one place to another. It's still a place where men calculate their distances in terms of the hours they think they'll need to ride them. The Corrientes hinterland is a n immense flat grassland that hides water around every corner and where the only signs of civilization are the occasional fences and outpost houses. It's the land of EL DORADO, the mythical realm of a gold-attired king sought by the Spanish conquistadores, a place where a lone rider's only companions are the fattened cattle in the lush green fields, the attentive owls on the fence posts, the water fowl and frogs in the marshes and an occasional Cayman that was left behind in a lake by the crest of some flood.

The ride is an introduction to the spice and adventure of Corrientes' rural life, with comfortable overnight stays at four different and charming estancias. The flat terrain make this ride an ideal experience for people who like to do plenty of cantering and galloping during their riding vacations - more than 20 miles are covered each day - mostly at a trot or canter.

The trip starts with a city tour of Buenos Aires followed by a luxury overnight sleeper bus trip into the Corrientes - featuring special fully reclining seats to offers a good night sleep. After resting up upon your arrival to the estancia and a having a good, tasty breakfast, choose your steed, saddle up and go on a short introductory ride to get the hang of things and loosen up, because the next day your riding adventure begins with a ride from 'La Rosita' to 'La Amistad' covering approximately 22 miles. At lunch time you are treated to a fabulous lamb barbecue picnic. In the evening the hosts will spoil you at the ranch with a relaxing massage session. We then venture further into the hinterland on a long day ride to 'Buena Vista' Farm. Rest at the swimming pool, have tea under the Magnolia tree and visit the owner's pheasant and wild duck raising operation. Leaving 'Buena Vista' very early in the morning, we will ride towards 'La Pelada' Farm, where you can choose between a special moonlight ride on horseback or try a ride in a sulky or to have a drink in a general store with some of the gauchos. The next day we continue through pastures, pampas grasslands and native forests to the Corrientes River. We enjoy a siesta at the river's bank overlooking this beautiful stretch of water - "Carrera de sortijas". Dinner is back at 'La Rosita' and is accompanied by a regional folkloric group. The last full day, you can ride to the nearby marshes, lagoons and through large native forests or if you prefer you can round up some cattle, ride fence, or ride the range for strays instead.

Before you depart back for Buenos Aires on the bus, we have a special treat for you! We will take to the polo field and teach you the basic rules and hits of polo, our national sport! We will practice together and maybe you can attempt your first polo match!

Or if you are interested we can also arrange an extension trip to the Iguacu Falls with stopovers at different Pantanal estancias and the ancient Jesuit cloister.
