About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Salta, Argentina
We will ride the Andes Mountains of Northwest Argentina the way it was done in Colonial times but keeping some XXI Century privileges. These are ancient Inca trails. It is the ideal setting for an unforgettable trip. We will get to places you can only reach on horseback.

The area has impressive landscapes and diversity of climates. Tropical forests with crystal clear streams in the Lerma Valley, the Calchaquí desert with its multicoloured mountains and the Cafayate Creek and its water and wind eroded hills. We designed our trail rides to show this breathtaking contrast.

We go up to 3000 m (9000 feet) where the forest changes to high altitude grassland. This is the homeland of the Andean condor. As the sun sets, the spectacular stars of the southern hemisphere will cover the sky. Relax at the camp with its peaceful atmosphere as you share a cup of coffee, tea or mate. All this creates the ideal ambience to feel the timeless spirit of nature and make new friends.

All along the trail, have a chance to absorb from the locals, heirs of the ancient Incas, their deeply rooted way of life still alive high up in the mountains. Our long experience in riding tours guarantees an unforgettable vacation.

Accommodation

Accommodations

This is a progressive ride where nights are spent in different locations.

Description

We spend the night in mountain refuges run by local herdsmen and ranchers, heirs of a pre-hispanic tradition, and have a glimpse of a way of life so different from our own. It is an experience without comparison. In all of the accommodations but the first there are beds with no linen. We use sleeping bags. It is best to bring your own sleeping bag but you can also rent one ahead of time (please inquire).

Three of the accommodations have baths with shower (one with hot water and two with cold water).

Hotel in Salta

We usually use a small hotel located steps away from the Plaza 9 Julio de Salta. This hotel provides basic accommodations with a ceiling fan and private bathrooms. There is free Wi-Fi available.

Peñas Blancas

This is a 3000 hectares ranch where cattle is bred. The accommodations are basic cabins. By no means can it be considered a lodge, hotel or anything of the sort. However, it does provide guests with an authentic experience and offers more comfort than a tent. We sleep in beds but there is no bathroom or showers but water is available if you wish to freshen up.

is available if you wish to resten up.

Amblayo

We stay at the house of one of the local families. The accommodation is simple and basic but gives guests a glimpse into the locals' way of life. A shared bathroom with hot shower is available. There is also electricity.

El Churqui

This is a small and rustic mountain refuge with cold running water and a toilet. Guests sleep inside the cabin in their sleeping bags.

Ayuso

We spend the night in tents overlooking the Calchaquí Valley. There are toilets and cold running water here.

Hotel Tribeca in Buenos Aires

This beautiful hotel offers modern and comfortable accommodations in the heart of Buenos Aires. The rooms are simply decorated and all feature a private bathroom, a TV, free Wi-Fi, A/C and heating. There is also a fitness center, a sauna and a sun terrace on the rooftop.

Room Occupancy

Rooms in all accommodations are shared (except for nights spent in hotels).

Meals

All meals are included during this trip and wine is serve with dinner.

For dinners in Salta and Buenos Aires, we dine in local restaurants and taste local dishes. For the rest of the trip, we will be transporting our own food so we can make simple dishes such as pastas, stews and BBQs.

Breakfast and tea at the refuges: at the refuges we have tea, coffee or hot chocolate, home made bread with jam. Lunches on the trail: picnic style. Roast beef, ham, cheese sandwiches. Salami and home made cheese, etc. Fruits, pies for dessert. Water and wine to drink.

Dinner at the refuges: local traditional meals like lamb barbecue, stew or "empanadas". Fruits, pies for dessert. Wine, water, soft drinks.

Dietary Restrictions

We can cater for most dietary requirements (vegetarian, celiac) with prior notice. Unfortunately, we cannot cater to vegans on this trip.

Riding

Pace

We will be riding at high altitude, often above 6000-9000 feet.

The pace is slow with a few trots and canters during most of the trail due to the terrain. This allows to enjoy the scenery, the conversation, take pictures, etc.

The average riding day includes 3 hours on horseback in the morning and 3 to 4 hours in the saddle during the afternoon with plenty of intermediate stops to take pictures, spend some time at specific points of interest, etc.

Horses

We assign horses according to each rider's preference. We have plenty of horses, some are more challenging while others are very easy to handle. They are sure-footed as they were all born and raised in the mountains.

Safety measures

The trails are well known by our guides. In those places we believe risky, we step down the horse and walk. In case of emergency, our guides are trained and know what to do. We carry radio equipment in case of emergency. We consider a must that all our guests follow our guide's instructions.
