## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Riding

### Pace

Varying from walk on the steeper slopes to a faster pace on the open spaces, which are great for long canters. Usually we do about 40% Walking, 30% Trotting and 30% Canter. This proportion could be changed according to the requirements and the abilities of the riders. The program includes 6 riding days with 4-6 hours per day in the saddle. We cover about 140 km in total. You should be a strong and confident rider, capable of all paces and fit enough for long canters through rough terrain.

### Horses

We have Shagya and purebred Arabs, East-Bulgarian breeds, and cross-bred horses with Akhal-Teke blood - all well trained and calm. The height of the horses is from 150 to 165 cm.

### Riding Terrain

Sredna Gora is one of the smoothest mountains for riding in Bulgaria. It has no steep climbs or descents and a level ridge great for canters. It also offers an amazing 360-degree view of all the highest mountains – Rila, Pirin, Rhodope and Balkan mountains. This trail goes on for 3 days into the mountain and 3 days into the valley, so you will get to explore the deep, century-old beech forests and to marvel at the breathtaking sights of the mountain. Lovely canters between rose gardens and free herds of cows in the valley complete the experience.

### Guides

We always have 2 guides per group: one to lead and the other to support the group with a jeep and all of the luggage. The riding guides are experienced and professional and know all the horses and routes well. They have a sound knowledge and awareness of safety, of looking after horses and guests out on a ride. The guides speak English, German or French fluently.

### Non-Riders

All the accompanying non-riders will have the possibility to participate in all the non-riding activities of this program: SPA treatments, swimming, wine tasting, visit to the ancient Roman town Dioclecianopolis, visit to the Thracian complex in Kazanluk and sightseeing.

Eventually, the area was reached by Macedonians, but it was not until Roman times when Hissar developed into a large town and resort, called Dioclecianopolis, after the Roman emperor Dioclecian /284 - 305 AD/. The town was built according to all requirements of Roman town planning - with wide, straight streets, decorated with statues of gods and goddesses, with marble baths, beautiful palaces and villas for Roman aristocracy. To protect the town from enemy invasions, it was surrounded with a wall raised by the skillful hands of Thracian master-builders.

The suppositions are that the temple is from the time of the Thracian King Sitalk, even his own. The rich findings in the stone-built tomb date from the end of the fifth and the beginning of the fourth century BC. A main staircase with monumental corridor, ritual landing and two chambers, leads to the temple. The entrance is outlined with slabs with plastic and colour decoration. The inside area is a round, domed chamber with semi-columns and colour ornaments, where the initiated established connection with gods.
