About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Mountains, Bulgaria

Many and varied are the mountains in Bulgaria, but Teteven Balkan combines the best of them all - picturesque valleys with sparkling rivers and ancient forests with hidden meadows, high ridges and tops, crowned with rocky peaks revealing spectacular views, and villages scattered at the foothills, where life is lived with an old rhythm. This part of Stara Planina is loved by tourists both for the preserved nature and for the pleasure of touching the authentic life of the local people: tasting home-made rakiya with home-made appetizers is an integral part of the experience.

The tour is diverse and combines horseback riding with seeing cultural sights and immersing in the atmosphere of this beautiful Bulgarian area. The trek runs in the relatively low part of Stara Planina - between 400 and 1100 m above sea level. You will ride along dirt roads and trails. The terrain is rugged and rocky in places, with an option to trot and canter. We spend between 4 and 6 hours in the saddle every day, and the duration of each ride in most of the days can be changed according to the abilities and will of the riders. Luggage is transported by car and the saddling is western or English.

Apart from the overnight at a hotel in Teteven, all other nights we will stay at guest houses where the food is cooked by the hosts or in small rural restaurants. Thus, the contact with local culture is closer and the impressions - more vivid and immediate.

Tour Highlights:

-Stara Planina is the longest Bulgarian mountain, stretching from Bulgaria's western border all the way to the Black Sea, dividing the country into two. Its old name is "the Balkans" from where the name of the Balkan Peninsula originates. Great part of Bulgaria's history is related to it. Fighters against the Ottoman rule hid in its forests. The Bulgarian spirit revived in its towns in the XVIII and XIX centuries.

-Central Balkan National Park covers the high central part of Stara Planina. On an area of 70 000 hectares ancient forests and many animals, including representatives of endangered species, find tranquility from the aggressive human impact. The best preserved beech forest on the Balkan Peninsula is in the Boatin Reserve. The average age of the trees is 130 years. The reserve is protected under the UNESCO "Man and Biosphere" Program.

-The Glozhene Monastery St. George was founded in XIII century. It is situated on an extremely scenic place, perched on high cliffs from where a spectacular view is revealed. Vasil Levski - the Apostle of Freedom - found refuge in it in Turkish times.

-Etopole Monastery was founded in the XII century. It declined after the conquer by the Turks but at the end of XVI century it was restored and became one of the most important spiritual centers in the Bulgarian lands. The surrounding area of the monastery offers pleasant pastoral scenery and in immediate proximity to the monastery the Varovitets waterfall is located. (optional)

-Saeva Dupka cave is one of the most beautiful Bulgarian caves. It is 205 meters long and over 1 million year old. Its five halls and numerous galleries are full of bizarre cave formations. It is illuminated and urbanized.

-Trojan Monastery is the third largest monastery in Bulgaria. It was founded around the year 1600. The relic of the monastery is the miraculous icon of the Three-Handed Virgin Mary. The villages around Trojan are famous for their numerous pottery workshops. (optional)

-Mineral springs in Chiflik and Shipkovo. The water in the pools is with different temperatures and an hour or two in them are a wonderful and refreshing relaxation, especially after physical strain, such as horseback riding. (optional)

Kiaing

Riding Level

The ride, offering long days in the saddle, is suitable for confident intermediate riders. There will also be occasions where you need to dismount and lead your horse for short periods of time (20 – 30 min) – this can be both uphill as well as downhill so you will need to be reasonably fit.

Riding Terrain & Pace

You will ride along dirt roads and trails. The terrain is rugged and rocky in places with, at times, opportunities to trot and canter. We spend between 4 and 6 hours in the saddle every day.

Horses

Most of the horses are crossbreeds between the local East-Bulgarian and Karakachan with a mid-height of 150 cm. They are well known as thoughtful and tough, and are thus extremely well-adapted to the mountainous region of the Stara planina (Balkan).

They are well behaved and are used to each other so you will not experience any trouble with them walking, trotting or cantering in a group together.
