About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Dietary Restrictions

We can cater to most dietary restrictions with prior notice.

Riding

Horses

We have over the years built a team of horses that we are extremely proud of. Each one of our horse brings something different. We have horses to suit all riding abilities and tastes.

Here at the ranch, we have a mixture of Appaloosas, Colombian Criollo, Quarter horses, Paso Fino and Andalusian horses. All have been trained to respond to English and Western riding styles and each has their own custom-made saddle ensuring they and you are comfortable throughout your trip.

Riding Pace & Experience

The pace varies with the terrain and altitude but overall is moderate to slow. There will be some good chances to canter along wide dirt tracks but there are some steep climbs, and you are often riding on narrow winding paths or where the vegetation is thick, and the pace must be slow. The horses are sensible, calm and responsive but you are expected to be a competent rider, secure and well balanced in the saddle at a walk, trot and canter, and with experience riding over different types of terrain. You should also be comfortable getting on and off and handling a horse from the ground.

Insurance

All riders **MUST** have private travel insurance and a copy of this must be sent prior to your arrival. Insurance must include cover for horse riding activities and cover for medical expenses and repatriation costs should you become too ill to continue your trip. We reserve the right to cancel your tour if we are not satisfied that you have adequate insurance in place prior to departure.
