About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.
With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.
You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.
We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Bordeaux, France
Imagine discovering the great wines of Bordeaux, some of the world's most famous vineyards, from the very best vantage point in the gorgeous French countryside - the back of a horse!

Exceptional horseback riding with the discovery of the great wines of Bordeaux, the world's most famous Vineyard. You will ride through prestigious Vineyards that will not leave you indifferent. These are Médoc, Côtes de Blaye, Côtes de Bourg, Fronsac, Lalande de Pomerol, St Emilion, l'Entre deux mers, Premières Côtes de Bordeaux, Graves and Sauternes. All the human heritage such as the Citadelle de Blaye, built by Vauban at the 18th century, the medieval city of Saint Emilion, the chateau de Rauzan and the English bastide of Cadillac (13th century) is also waiting for you.

The alternate Medoc Beach & Wine Ride . This trip is by the ocean side, mythical wine châteaux, vast forests, a place redolent of history and famous food. On one side the Atlantic Ocean. On the other, the Gironde estuary and the immense Landes Forest, the Médoc is about a third of the Gironde Department (its North-West). It is first of all world renowned for its vineyards, however its landscapes have a lot of variety, from the marsh areas of Lower Médoc to the large straight beaches of the Atlantic with the ocean breakers. Going by the Graves headlands where the waters of the Gironde and those of the Atlantic Ocean merge, the Landes forest and its mind boggling pine woods stretch as far as the eye can see, a succession of lakes (Hourtin, Carcans, Lacanau) from North to South.

We kindly ask riders to mention only genuine allergies or intolerances requiring special attention. Our team contacts restaurants, hotels and guesthouses in advance to arrange suitable meals, which involves significant organization. We sometimes find that guests who requested a special diet ultimately decide to eat normally once they arrive in France. We therefore thank riders for providing accurate and final dietary information in order to help us organize meals efficiently and facilitate the work of our partners.

Riding

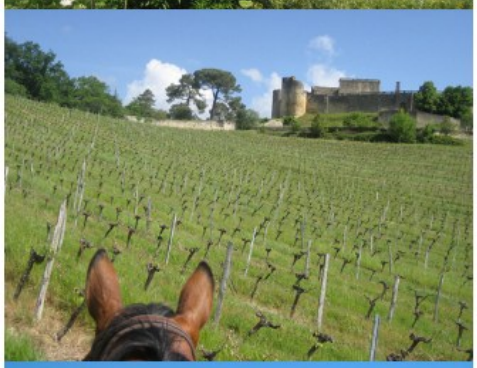

Riding Ability
This ride is for the experienced rider who has mastered all 4 paces (walk, rising trot, canter/gallop in a forward seat) on a varied terrain, in open spaces. The experienced rider rides regularly, has good physical fitness, has good soft hands, a good attitude, and self-confidence. You should be able to control the speed and direction of the horse in all circumstances and be able to ride long distances including gallops of several minutes in open terrain.
There are certain sections of the trail where we might need to lead the horses. It is recommended that you be in good physical condition in order to participate.
Previous experience of trail rides over a number of days would be beneficial but is not required.
Riders who, on their own initiative, ask not to ride during the stay will be charged 300 euros for the transport of the horse.

Pace
The pace is varied depending on the terrain, with long periods of walk and plenty of opportunities to canter and gallop. We ride around 5-6 hours riding each day

Horses
Most of our horses were born on the farm. They live in herds in a 70 acre field and this is what makes them strong. This social lifestyle is very close to their ideal living conditions, which is a natural environment.
Every horse has its own character, but all are gentle, balanced, and multi-talented.
The horses are a mixture of purebred Arabian and Paint horses as well as Arabian/Paint crossbreds and Thoroughbreds.
The relationship with the riders and our horses is crucial. Above all, we place attention on the welfare and education of our horses.

Tack & Equipment
Our saddles are a French trail saddle (JMS brands), which blend the best of English and western styles to make the perfect trail saddle. Horses will work in bridles with Myler bits.
Saddlebags, poncho, and water are provided. Helmets are not mandatory but are strongly recommended.

Logistics
There is a support van for the transport of luggage and riders. It is possible for a rider or a non-riding companion to follow along the horse riders in the van.
We ask the riders to have only one suitcase (size 69x47x27) and one handbag.

Group Size & Staff
Riding groups have a minimum of 5 and maximum of 10 riders, plus the Guide and the Translator.
David (GTE/ BPJEPS TE) is a certified Equestrian Tour Guide. He creates the routes and leads all the riding tours. He is also a trainer of apprentice instructors in Equestrian Tourism.
Britta is your riding companion and translator (English, Dutch, German, and Spanish). She is always available to facilitate any language concerns.

Facilities
The Farm covers 30 hectares (75 acres) of woods and meadows and facilities include a covered riding arena, rolling pastures, a round pen, cross country terrain, as well as a multitude of riding and hiking trails.

Itinerary

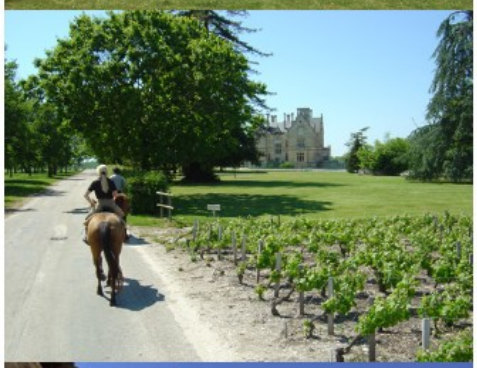

Please note that these programs may change due to weather, security, technical criteria and other unforeseen situations.

Sample Itinerary: Bordeaux Wine & Castles Trail *subject to changes*

Sample itinerary: Bordeaux Wine & Castles Trail - *subject to changes*

Important note: The specific level required is the "confirmed rider level".
As a qualified professional of equestrian tourism in France, it is important for the safety of the groups of riders we receive that everyone has the required riding level (see description below).
A person, who doesn't have the required level, causes difficulties for the staff and other participants, with consequences on the good progress of the stay for everyone.
Therefore, we will test riders on horseback on the 1st day before departure on the trail.
If from the first day we judge that a rider doesn't have the required level for horseback riding, he/she will not continue on horseback. They will continue their stay with the logistics team. They will be able to make all the scheduled visits, and eat with the riders for lunch and dinner.
This decision will be made without any refund on the stay.
If, due to poor physical condition, riders ask to stop riding, they are still liable for the 300 euros we charge for transporting the horse. The rider is also required to pay the 300 Euro fee if the rider decides to stop riding for any other reason. Riders cannot decide to stop riding just because it rains one day, is windy another day, or too hot another day. Only the guide can decide to modify the horseback ride or stop it if he or she considers that the weather or another event may compromise the safety of the riders and horses, for example following a national weather alert.

Our rides are for the experienced rider who has mastered all 4 paces (walk, rising trot, canter/gallop in a forward seat) on varied terrains and in open spaces. The experienced rider rides regularly, has good physical fitness, has good soft hands, a good attitude, and self-confidence. He controls the speed and direction of the horse in all circumstances. He can ride long distances including gallops of several minutes in open terrain.
Participants need to have experience riding on English-style saddles. They need to know how to ride in balance: two point position.

Please, note that this program can run in reverse. In 2027, this program will run in reverse (Moulis en Médoc to Entre-deux-mers) on the following departures: April 11, May 2, October 10, October 23. In that case, pick-up will be from Bordeaux Airport at 6:00 PM, drop-off will be to Libourne train station in the morning after breakfast on the last day.
For the regular itinerary, pick-up at Libourne train station at 6:00 pm, drop-off at Bordeaux Airport in the morning after breakfast on the last day. See schedule below.

Day 1: Arrival
We welcome the riders either at the Bordeaux airport at 6:00pm (Meeting is in Hall B at the "Brioche Doree" snack bar.). Transfer to the bed and breakfast.
Meals included: Dinner
Overnight at a B&B in Ruch

Day 2: Entre-deux-mers
Today's ride will take us through the Entre-deux-mers region, with its varied, hilly, wooded landscapes and beautiful vineyards.
We pass by the 13th-century Château de Rauzan before arriving at our picnic area. In the afternoon, we continue through the Bordeaux vineyards, returning to Château du Courros (Bordeaux Supérieur) for a tasting. Built on the grounds of a pre-6th-century religious community dedicated to Saint Vincent (said to be the patron saint of winegrowers), Château du Courros lies a few kilometers south of St. Emilion.
Meals included: Breakfast, Lunch & Dinner
Overnight at a B&B in Ruch

Day 3: Saint Emilion
This morning, we move along the Dordogne to Merlande. Through the vineyards, we head for Saint Emilion, where we have lunch. Along the way, we see Château de Pavie. Picnic at Château Franc-Mayne in Saint Emilion. Backing onto the slope of Franc, from which it takes its name, the château boasts 7 hectares of vines. The ancient Gallo-Roman road runs alongside the vineyard. An old coaching inn bears witness to the passage of pilgrims on their way to Santiago de Compostela. Tasting and discovery of the 2-hectare underground cellars.
In the afternoon, we take in the famous estates of Château Pétrus, Cheval Blanc and Château Figeac before arriving in the Pomerol appellation, where we leave the horses behind.
Meals included: Breakfast, Lunch & Dinner
Overnight at Hotel in Saint Emilion

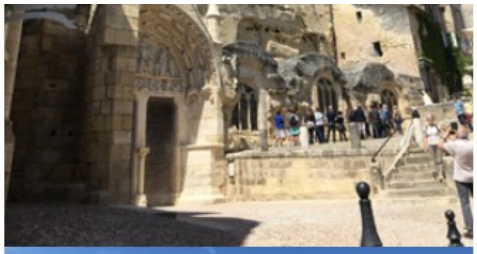

Day 4: Ride to Libourne
The morning is free to relax. You can visit Saint Emilion. This unusual medieval town opens its doors all year round to adventurers, wine lovers and the simply curious. A city steeped in history, perched on a rocky promontory, Saint-Émilion and its vineyards draw their originality from the limestone that has shaped their identity. This is evidenced by the 200 km of underground galleries that provided the limestone needed for the construction of many of the region's buildings, including Bordeaux.
We picnic where we left the horses the day before on the Château Le Gay property. In the afternoon, we ride through vineyards interspersed with small woods to Château Mayne-Veil (Fronsac), where we leave the horses.
Meals included: Breakfast, Lunch & Dinner
Overnight at La Tour Hotel in Libourne

Day 5: Ride to Mouillac
On this day, we head for Mouillac through varied landscapes of vineyards, meadows and forests. Picnic at Mouillac's little Romanesque church, where you'll have time to find the 9 canonic dials. The day continues on to Cubnezais. The landscape here is divided between the vineyards of the "Blaye - Côtes de Bordeaux" appellation and the forest of pines and hardwoods. At the end of the day, we leave the horses at Domaine de la Gravette.
Meals included: Breakfast, Lunch & Dinner
Overnight at a B&B in Civrac de Blaye

Day 6: Blaye Citadelle
This morning, we ride through the rolling hills of the Côtes de Bourg. Picnic and tasting at Château Lamothe (Côte de Bourg). Then, departure around 3pm for the Citadelle de Blaye. We enter the 18th-century Vauban citadel on horseback. With its 1.5 km of ramparts, gates and underground passageways, the citadel has preserved intact the defensive system designed by Vauban, as well as the buildings necessary for the proper functioning of a garrison: former convent, prison, barracks and powder magazine.
Meals included: Breakfast, Lunch & Dinner
Overnight at Hotel in Blaye

Day 7: Médoc
After breakfast, we cross the Gironde with our mounts on the ferry to Lamarque and the Médoc (duration 40 mins.). We ride through the Médoc vineyards to our picnic location at Moulis en Médoc. Afternoon at leisure, tasting at Château Maslescasse (Haut-Médoc). Located in Lamarque, between Margaux and Saint-Julien, Château Malescasse was built in 1824 in the purest neo-classical style.
Meals included: Breakfast, Lunch & Dinner
Overnight at B&B in Moulis en Médoc

Day 8: Departure
After breakfast and according to the riders' train or plane schedules, transfer of the riders. There will be a single transfer to Bordeaux airport.
Meals included: Breakfast

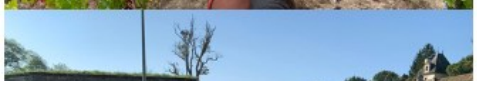

Non Riders
Non-riding companions are welcome to join this trip. It is best to have a car in order to do some sightseeing while the rest of the group explores on horseback.
