About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Champagne, France

We offer an exciting trail on horseback to explore the Champagne region and its variety of vineyards. Our trail will take you around the « Montagne de Reims » – a wooded plateau whose slopes are the so-called "Pinot Noir kingdom" (a famous grape variety). We will also ride along the Marne Valley – where the Pinot Noir grape grows side by side with the Meunier variety. We will discover the « Côte des Blancs » too. Some of the most famous Champagne wines, named "Blanc des Blancs" are produced there using the Chardonnay grape. The Champagne region belongs to the UNESCO World Heritage Sites, thanks to its breathtaking setting of the « king of wines ». With its sparkling name, the region is a promise of vineyards, slopes, cantering, prestigious cellars and beautiful landscapes!

Famous properties are the heirs of a unique, festive art of living. Champagne region is an historical region and the cathedral of Reims was witness to several French king's crownings.

Riding

Riding Ability

Eligibility

This ride is open to riders who are comfortable and in control at all 4 paces (walk, rising trot, canter and gallop in a forward seat) on varied terrain, in open spaces and practice a regular habit of riding. There are certain sections of the trail where we need to lead the horses. It is recommended that you be in good physical condition in order to participate. Previous experience of trail rides over a number of days would be beneficial but is not required.

Pace

The pace is varied depending on the terrain, with long periods of walk and plenty of opportunities to canter and gallop.

Horses

Most of our horses were born on the farm. They live in herds in a 70 acre field and this is what makes them strong. This social lifestyle is very close to their ideal living conditions, which is a natural environment. Every horse has its own character, but all are gentle, balanced, and multi-talented. The horses are a mixture of purebred Arabian and Paint horses as well as Arabian/Paint crossbreds and Thoroughbreds. The relationship with the riders and our horses is crucial. Above all, we place attention on the welfare and education of our horses.

Tack

Our saddles are a French trail saddle (JMS brands), which blend the best of English and western styles to make the perfect trail saddle. Horses will work in bridles with Myler bits. Helmets are not mandatory but are strongly recommended. Our team will take care of tacking up the horses during this ride.

Logistics

There is a support van for the transport of luggage and riders. It is possible for a rider or a non-riding companion to follow along the horse riders in the van. We ask the riders to have only one suitcase (size 69x47x27) and one handbag.

Group Size & Staff

Riding groups have a minimum of 5 and maximum of 10 riders, plus the Guide and the Translator. David (GTE/ BPJEPS TE) is a certified Equestrian Tour Guide. He creates the routes and leads all the riding tours. He is also a trainer of apprentice instructors in Equestrian Tourism. Britta is your riding companion and translator (English, Dutch, German, and Spanish). She is always available to facilitate any language concerns.

Itinerary

Sample Itinerary - subject to changes

The itinerary may be modified at any time for security reasons, meteorological or other events beyond our control such as blocked roads, rivers in flood, drought, strikes, and local holidays. We will always strive to find the best solution and will alter the itinerary as needed.

Important note: The specific level required is the "confirmed rider level".

As a qualified professional of equestrian tourism in France, it is important for the safety of the groups of riders we receive that everyone has the required riding level (see description below).

A person, who doesn't have the required level, causes difficulties for the staff and other participants, with consequences on the good progress of the stay for everyone.

Therefore, we will test riders on horseback on the 1st day before departure on the trail.

If from the first day we judge that a rider doesn't have the required level for horseback riding, he/she will not continue on horseback. They will continue their stay with the logistics team. They will be able to make all the scheduled visits, and eat with the riders for lunch and dinner.

This decision will be made without any refund on the stay.

If, due to poor physical condition, riders ask to stop riding, they are still liable for the 300 euros we charge for transporting the horse. The rider is also required to pay the 300 Euro fee if the rider decides to stop riding for any other reason. Riders cannot decide to stop riding just because it rains one day, is windy another day, or too hot another day. Only the guide can decide to modify the horseback ride or stop it if he or she considers that the weather or another event may compromise the safety of the riders and horses, for example following a national weather alert.

Our rides are for the experienced rider who has mastered all 4 paces (walk, rising trot, canter/gallop in a forward seat) on varied terrains and in open spaces. The experienced rider rides regularly, has good physical fitness, has good soft hands, a good attitude, and self-confidence. He controls the speed and direction of the horse in all circumstances. He can ride long distances including gallops of several minutes in open terrain. Participants need to have experience riding on English-style saddles. They need to know how to ride in balance: two point position.

Day 1: Arrival

Riders with vehicles may arrive in the late afternoon to the first night accommodation. Riders arriving by train will be collected in the late afternoon (around 6:30 pm) at the TGV train station of Champagne-Ardenne.

Day 2: Morning Ride Ride & Reims Visit

Breakfast at 8:00 AM. We will begin the trail ride at 10:00 AM with a beautiful perspective over the vineyards, riding through the forest of Sermiers, also called « La forêt du Chêne à la Vierge » (it means the woods of Virgin Mary's oak). Its name comes from a medieval legend: as loggers would have found a figurine of the Virgin Mary in the heart of a tree... Every year, on the third Sunday of September, a pilgrimage celebrates this miracle. Returns to the guesthouse for lunch.

In the afternoon, we will visit the city of Reims, also known as « the city of coronations » or « the city of the kings ». On December 25th, 496, the first French christian king, Clovis was baptized by Bishop Saint Rémi on the location where the Notre-Dame of Reims cathedral would later be built and all further French kings were baptized in the same cathedral.

As for Champagne wines, they date back to the 17th century and have been one of the main pillars on the local economy for a long time now.

We will have dinner and spend the night in the village of Bouzy.

We will enjoy our picnic in Hautvillers. This village is the birthplace of the Champagne wines. The monk Dom Pérignon created the method which gave the Champagne its spurs. We will head downwards through the vineyards and we will cross the Marne river at the village of Cumières, inviting us for a nice canter along the river.

In the afternoon, we will visit Epernay. This town, surrounded by vineyards, is the heart of the Champagne economy and the starting point of several scenic roads. Epernay is also the epicenter of Champagne, with every famous Champagne brand having their headquarters there. Most of them are located on the famous Champagne Avenue and 110 km of cellars run under our feet. We will be able to admire the eclectic architecture of most buildings, dating back from the 19th century.

We will have dinner and spend the night in the town of Epernay.
