About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.
With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.
You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.
We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Following the path of the local river, we will enter the small village of Palmas Vecchio where we will admire a church dating back to 1000 AD. Our next stop will be the artificial lake of Tratalias, where we will reach a splendid panoramic point overlooking both the nearby lake basin and the more distant coastal landscape. On our way back to the stables, we will stop at the ancient medieval village of old Tratalias.
Tonight, we will enjoy an exquisite dinner based on local fish and typical products of the area in the welcoming restaurant da Silvana.

Today we take a quick transfer to the island of Sant'Antioco. Once we reach the island of Sant'Antioco, we will unload the horses near the former Palmas Cave.
From here, we will ride among the Mediterranean scrub, reaching the beautiful beach of Maladroxia. Then, we will descend the coast in a southerly direction towards the wild beach of Co'e Cuaddus.
After that, we will reach the locality of Turri with its imposing eighteenth-century tower and its intimate coves, sometimes sandy, sometimes pebbly, according to the whims of the sea.
Leaving behind us the incomparable panorama offered by this stretch of coast, we will finally go up the island passing through the hinterland and reach the Piana di Cannai, from which, we will return to the starting point.
Dinner in the Agriturismo "Is Concais", a typical Sardinian kitchen.

As we continue, we reach Is Solinas, another lovely beach also very appreciated from kite surfers. We then continue riding to the romantic bay of Su Portu e Su Trigu, finally arriving on the very known beach of Porto Pino, characterized by its white sands and dunes that are Unesco's heritage. Between a sighting of some pink flamingos and the coastal vineyards, we will be likely impressed by the unique scents of the green junipers and Aleppo pines.

We will climb the mountain of Suergiu until 400 metres above the sea level. From the green paths of this hill, we will surprise you with a breathtaking view over the sea and over S. Antioco and S. Pietro island, the private island of Piana and other islets of the sulcitan archipelago. A beautiful view that will conquer you and that you cannot wait to shoot in a great photo.

After enjoying this unique panoramic view given by this strategical hill, we cross the mediterranean vegetation to a place called Portu Sciusciau, with a picturesque view of the cavern of Sirene. Then we visit the nuragic village of Grutti'e Acqua and the grave of the Giant placed in Su Niu'e su Crobu. The last stop before coming back is the beautiful bay of Calasapone with its arms of cliff that hug the sea drawing a charming cove where it's possible to enjoy multicoloured sunsets.
