About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Southern Hungary, Hungary

A historian in the court of Béla IV of Hungary, in his cronicle refers to Emese as the daughter of chieftain Eunedubelianus, and the mother of Prince Álmos. The saga of Álmos and that of the Turul (peregrine falcon), the totemistic bird of ancient Hungarians, are connected to her name. According to the legend, the turul bird enticed her with a dream in which a river originated from the womb of Emese, which would grow and spread over a foreign land. According to dream speakers, this meant that she would give birth to a son who would lead his people out of their homeland.

This new tour combines elements of the Hungarian Plains Tour and the Tisza to Danube tour. What makes this tour extra special is the visit of the eastern Akhal Teke stud and the Eco-Park in Sándorfalva, a 1200 acre nature conservation area.

Accommodation

Accommodations

This is a stationary ride, so all nights are spent in the same location.

Description

There are 5 yurts and 8 cabins at our basecamp.

You are accommodated in a yurt. Our Yurts are located in the grazing field of our stud. Our guests can see the starry sky through the open ceiling of the yurts, and can also hear the horses in a nearby field, so they rest in harmony with nature in close proximity with the horses just like our ancestors over 1000 years ago.

Light is provided by oil lanterns and there are no bathrooms. There are shower cabinets with hot and cold running water near the yurts.

The yurts are decorated with carpets and blankets are provided. Each yurt can accommodate up to 6 people.

Room Occupancy

In case we are unable to find a roommate for a solo traveler, then the single supplement fee applies.

Meals

All meals are included from dinner on Day 1 to breakfast on the last day.

During our daily ride, we usually have a picnic lunch.

Dinner often features Hungarian specialties, eaten at the accommodation or at a local restaurant.

Meals are taken in the large communal yurt.

Dietary Restrictions

We can cater to most dietary restrictions with prior notice.

Riding

This tour caters to strong intermediate riders and above who are comfortable at a moderate pace (many trots and short canters). We cover about 15-20 km each day.

Being able to keep the rising position in gallop and trot even in long distances is a basic requirement.

Tack

We use custom-made Hungarian-style saddles, modernized for today's riding needs and horses. They are extremely safe and comfortable.

The structure of our saddles is based on a historical Hungarian saddle, the "Tiszafüred saddle". During a course of several decades of development and continuous testing the design of the saddle has been adjusted to modern requirements thus ensuring the comfort of horses and the safety and convenience of riders. Our saddles continues to preserve the heritage of old Hungarian saddles, which is reflected in materials and design.

We provide a bottle holder with each saddle. If you want to bring snacks and other personal small object, we suggest you bring a waist bag.

Please, note that saddle bags are not allowed on this trip. Your luggage will be transported in our support vehicle.

Horses

The Akhal Teke is a breed that ancient Magyars rode during the conquest of the land of Hungary. This horse is renowned for its comfortable pace and endurance.

Akhal Tekes are light weight with an elongated body structure and sportive appearance. The breed features various hues of dun and peculiar metallic glitter. It is an intelligent, dynamic and sensitive breed.

As a result of its geographical origin, the breed has great endurance. Since it is a desert breed, it is capable of covering long distances even in extreme conditions.
