*Equestrian Vacations  
- on & with Hidden Trails*

## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Difficulty : ●●●●●  
Lodging : 🏠 BASIC

**Tack:** Icelandic  
**Horses:** Icelandic Horses  
**Pace:** Moderate with long trots.  
Approx. 35-4...

**Airport:** Keflavik Airport

## Introduction

East and South, Iceland

This popular winter tour provides the opportunity to experience riding in the snow on a robust Icelandic horse.

In addition to the riding, your program includes a sightseeing tour of Southern Iceland's most famous attractions (the waterfall Gullfoss, the hot springs at Geysir and Thingvellir National Park) as well as a whale watching tour (on selected programs only).

Each evening you will have the possibility to enjoy a bath at Hveragerði's famous swimming pool or in our hotel's hot tubs. And if the conditions are right, you might even be able to enjoy the spectacle of the Northern Lights!

## Accommodation

### Accommodation

This is a stationary ride so all nights are spent at the same location.

### Description

You can opt to stay at a guesthouse or a hotel.

### Hotel

You will sleep in a cozy countryside hotel that features 37 spacious rooms (all with private facilities), a warm, light-filled restaurant and traditional hot tubs to relax in at the end of the day. The hotel's interior is inspired by the colors and materials found in Icelandic nature, genuine craftsmanship and age-old traditions. It was built in accordance with ecological guidelines and is the first lodging in Iceland to be awarded the Nordic Swan Ecolabel. The rooms have double or twin beds and some of them are available as triple rooms. All rooms are outfitted with the luxurious Hästens beds, unrivalled sleep comfort handcrafted from sustainable, natural materials, such as genuine hypoallergenic horsehair, cotton, wool, flax and Swedish pinewood. Each room has a door to the garden, allowing you to step outside and observe the northern lights, weather and season permitting. Wi-Fi access is available in all rooms.

#### Guesthouse

The guesthouse offers a comfortable living room, shared bathroom facilities, tea kettle that can also be used to make instant coffee, and small refrigerator. Guests that stay at the guesthouse are welcome to use all facilities and services of our nearby hotel, including the hot tub and restaurant.

The guesthouse offers private twin, triple and quadruple rooms. Each room has washbasins and soap, bed linens, towels and Wi-Fi access.

#### Room Occupancy

If we are unable to find another rider to share the room with you, a single supplement fee applied. Single room accommodations are subject to availability.

#### Meals

All meals are included.

The food we serve is inspired by traditional Icelandic cuisine and revolves around typical Icelandic ingredients. Wherever possible, we source our food locally and much of our produce is grown in the town of Hveragerði, less than 2 km from our farm. Meat and fish are supplied by farmers and fishermen in our area. Specialties include fish, kjötsúpa (an Icelandic soup, with meat, vegetable and rice) and BBQ.

#### Dietary Restrictions

We are able to cater to most dietary needs with prior notice. However, we are unable to meet the needs of those who have food allergies which cause anaphylaxis.

### **Riding**

#### Riding Experience

This ride is suitable for intermediate riders, with a secure, balanced seat and a good physical condition. We ride up to 45 km per day mostly in the gait tölt and take a herd of free-running horses with us part of the tour, which requires a certain speed.

### **Pace**

We cover about 215km total over 7 riding days. On average, we ride between 4-9 hours every day, covering approx. 20 - 45 km.

### **Tack and Riding Style**

The riding style in Iceland is similar to English riding. We use simple snaffle bits, bridles with detachable nosebands and clips on the end of the reins so they can be easily removed when grazing. Our saddles are comfortable with soft, rather flat seat, it is not necessary to bring saddle seat pads.

### **Riding Gear – Disinfect!**

Used boots, riding wear, helmets, saddlebags etc. must be disinfected before arrival in Iceland. Chaps, bridles and other used leather gear must not be brought to Iceland. That is because infectious, contagious diseases can easily be brought into the country, which poses a great threat for the horses, as they are not vaccinated. Riding wear is normally washed and shoes are washed and cleaned with VirkonS, Iodine or some other fluid disinfectant.

We can lend you a riding helmet for the length of the tour.

Backpacks, large cameras, selfie sticks and other bulky items cannot be taken on horseback tours. Small waist bags are allowed.

### **Horses**

Since 2007, our breeding program has followed two fundamental ideas. First, we strive to breed well-behaved and well-gaited riding horses that ought to suit most of our guests. Second, we breed horses with experienced riders in mind, suitable for riding classes and the company's horse shows. As our greatest challenge has always been combining well-behaved and reliable horses with soft and simple gaits, we invested in mares that are likely to produce the expected results. Another important factor in achieving the desired outcome is choosing the right stallion for those mares.

### **Free running herd of horses**

Experience the diversity of the Icelandic horse in its natural environment, far from civilization. On this trip, we travel with herd of free-running horses, as Icelanders used to travel in the old days. You may switch horses from time to time.

## **Itinerary**

**Sample itinerary: 4-day program - Subject to changes**

### **Day 1: Arrival**

The tour starts in the evening. Tour members who arrive the same day to Iceland should take the "Flybus" from the airport to BSI final bus stop in Reykjavik (not included). We will greet you at the bus station or at your hotel/guesthouse in Reykjavik for 5:30 pm and drive you to our farm Vellir near Hveragerði. We will get to know each other during the dinner. The day will end with a detailed description of the tour.

### **Day 2: Meadows, Mountains and Soft River Banks**

After breakfast, you will meet your guide in the lobby and together you will walk over to the stables. You will get necessary riding equipment (riding helmet, warm overall or rain gear) and a short riding demonstration before you get to know the horses during a few rounds in the paddock.

After the short riding introduction, we ride on soft trails along the meadows around our farm, a good opportunity to experience the special gait of the Icelandic horse. We then follow the river Gljúfura and continue on an old route towards Ingólfssjall Mountain, named after the first Norwegian Viking who settled in Iceland in the 9th century. We ride along the slopes of the mountain Reykjafjall with nice views of the landscape between the ocean and the volcanic mountains surrounding the village Hveragerði before returning to the farm for warming up and a light lunch.

After lunch, we saddle our horses again for the afternoon ride, and continue riding through grassland, now following the river Gljúfurá south to the scenic landscape at the delta of the mighty glacial river Ölfusá. We stop at an old cemetery with a great view of the river before continuing further down to the soft river banks, enjoying a short ride on black lava sand. This area is close to a bird sanctuary and known for many species of wetland- and seabirds. Weather permitting, we might even catch a glimpse of the famous volcanoes Hekla and Eyjafjallajökull. We proceed through the grassy plains before returning to our farm Vellir, where coffee and home baked cake will be available. In the evening, you have the possibility to take a relaxing bath in the hotel's hot tubes before dinner is served.

*Riding 5-6 hrs.*

### **Day 3: Ride around the Farm**

Today we experience a variety of scenery. In the morning, we ride uphill along the slopes of the mountain Reykjafjall and through a green forest, a rare sight in Iceland. We then pass many hot springs in the impressive, colorful geothermal area situated just above the village of Hveragerði, a small town also known as the "hot spring capital of the world". This area expanded dramatically during an earthquake in 2008 and is constantly changing. The path continues along the volcanic hills above the village, which is also known for its beautiful location between the volcano Hengill and the wide plains of the southern lowlands. We have a nice view of Varmá river, called the "warm river" as geothermal water flows through it, and green valleys with rising steam in the distance. Back at the farm, we enjoy a light lunch, have some time to rest and then meet at the stable again for the afternoon program.

After one hour on horseback in the scenic landscape surrounding our farm, you can soften up in the big and warm hot tub in Hveragerði's famous swimming pool, relax in the steam sauna or take a swim in the comfortably warm thermal pool. Imagine sitting in steamy water as a light snowfall turns the grass around you white. After returning to our hotel, dinner will be served.

*Riding 4.5-5 hrs.*

### **Day 4: Last Ride & Golden Circle Tour**

On the final day, you will ride on nice trails through meadows, lava fields and a small river. On our way we enjoy the nice scenery of volcanic mountains and farmland, passing several farms which give us an idea of how agriculture has developed in the last decades. After the riding and checking out of the room we warm up with light lunch and coffee or tea. Then you will be picked up to visit the three most impressive natural sights in South Iceland along the Golden Circle. The famous Geysir geothermal area, the "golden waterfall" Gullfoss and Thingvellir National Park. The Geysir geothermal area boasts spouting springs, including Strokkur, the most active geyser in Iceland. At Gullfoss you are given the opportunity to stand next to the amazing waterfall, watching enormous quantities of water tumble violently into a deep canyon. You also spend time encountering a cross-section of Iceland's natural wonders and geological phenomena at Thingvellir National Park, an area of historical and geological significance. You will be back in Reykjavik around 6:00 pm.

*Riding 1.5-2 hrs.*

#### Sample itinerary: 5-day program - Subject to changes

##### Day 1: Arrival

##### Day 4: Ride & Whale Watching Tour

Today, you will ride on nice trails through meadows, lava fields and a small river. On our way we enjoy the nice scenery of volcanic mountains and farmland, passing several farms which give us an idea of how agriculture has developed in the last decades. After the riding and checking out of the room we warm up with light lunch and coffee or tea.

After lunch, you have the chance to go for whale watching tour in the bay next to Reykjavik. After whale watching we pick you up close to the harbour in Reykjavik at 17:30 and drive back to our farm. Dinner will be served at the hotel.

*Riding 1.5-2 hrs.*

##### Day 5: Ingolfstrail and Golden Circle Tour

The final day starts with the a long mountain ride. You will ride in the footsteps of the first settler Ingólfur Arnarsson, along the slopes of mountain Ingólfssjall. On your way, you will learn more about Iceland's history and the interesting geology of this area and see the replica of Viking longhouse. After the ride and checking out of the room we warm up with a light lunch and coffee or tea. Then you will be picked up to visit the three most impressive natural sights in South Iceland along the Golden Circle. The famous Geysir geothermal area, the "golden waterfall" Gullfoss and Thingvellir National Park. The Geysir geothermal area boasts spouting springs, including Strokkur, the most active geyser in Iceland. At Gullfoss you are given the opportunity to stand next to the amazing waterfall, watching enormous quantities of water tumble violently into a deep canyon. You also spend time encountering a cross-section of Iceland's natural wonders and geological phenomena at Thingvellir National Park, an area of historical and geological significance. You will be back in Reykjavik around 6:00 pm.

*Riding xx hrs.*

*Please note that the riding tours can be combined differently in the most enjoyable way for the participants, according to both weather conditions and group riding skills.*

## Other Info

**Meeting:** Reykjavik

**Airport:** Keflavik Airport

**Transfer:** Reykjavik BSI central bus station on Day 1 at 5:30PM or hotels/guesthouse

Transfers are only included from the Central Bus Station (BSI). Our representatives will greet you at 17:30 (5:30pm) at the BSI station!
