About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Riding

Riding Experience

This tour is a great riding experience that is suitable for intermediate riders. You need to be comfortable and in control at the walk, moderate length trots (tölt) and short canters. Riding days can be as long as up to 35 km in the saddle so you should be in good physical condition and have a basic knowledge of horsemanship. You will get a thorough introduction into the gaits of the Icelandic horse and feel the Tölt, the extremely soft traveling gait of the Icelandic horse.

Riding Gear – Disinfect!

Riding gear (riding trousers, jackets, etc.) needs to be washed (40°C) or dry cleaned. Items which cannot be washed or dry cleaned (riding boots, riding hats) need to be disinfected at least 5 days prior to arriving in Iceland. The Icelandic Veterinary Authority recommends the broad-spectrum disinfectant Virkon S for disinfection. Used riding gloves, whips, saddles, bridles, chaps and other used leather gear may not be brought into the country.

Please understand that these precautions are necessary because there are no contagious animal diseases in Iceland. Horses are not vaccinated and are therefore susceptible to infectious agents from abroad. Please help

us to protect Iceland's fragile nature!
We provide saddle bags, rain wear and safety helmet.

Tack & Riding Style

The tack used for Icelandic horses is slightly different than the tack ordinarily used for other breeds. The saddle is built close to a dressage saddle and has a relatively flat seat. Saddles come with plain or quilted seats. On longer rides, a crupper helps keeping the saddle in place. Riding style used on Icelandic horses is close to English riding style, but stirrups are worn long. Bits used are mostly simple snaffles. Bridles have a detachable noseband and clip on reins.

The Farmers

The real connoisseurs of the local terrain and history. We make sure that each tour has its own charm and is organized by the local expert, the farmer, and his family. They use their own horses and ride through the part of the country they know so well. Our farmers have over 30 years of experience in leading riding groups through Iceland.

Herd of Horses

On this ride, you will be riding several days (except for two days) with a free running herd of horses. Herding along free running horses is the traditional way of travelling in Iceland, since horses are changed at least once a day on longer tours. You get to ride a variety of horses.

Horses

The Icelandic horse is best known for its four-beat smooth gait, the "tölt", which is very comfortable for the rider, especially on a longer tour. Riding an Icelandic horse in its native habitat land is an authentic riding experience. The horses are especially chosen for this trip and are suited even for riders who have not had much riding experience.
