About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Rajasthan, India Once a year we organize a horseback safari from Udaipur to the Camel Market and Pushkar Fair in this little town at the edge of the Thar Desert.

Being a certain highlight of our safari year, this safari is certainly most spectacular firstly for its great landscapes and secondly of course for the participation in the colorful Pushkar Fair, probably one of the most vibrant festivals of India.

The safari trail leads from the Aravalli Mountains with its unique geographic features down into the great Thar Desert and the little town of Pushkar. Considered a holy town, once a year Pushkar sports the biggest Camel Market of India, which is also a religious festival and a handicraft fair.

There are only a few places of interest along the way but the rather substantial change of landscape taking place is simply breathtaking.

After leaving the Aravalli Mountains behind, the riders will enter the semi-desert stretching around the edges of the Thar Desert where man fights hard in order to make a living from the poor soil. Camels replace horses and cows and the stony terrain of the hills gives way to the sandy desert ground.

A few highlights are along the route such as the interesting tribal culture of this region or the impressive fort at Khanwa, which our riders can visit. The local noble family is much interested in horses and if at home, never misses a chat.

But the real highlight of this safari is of course the Pushkar Camel Fair where every year around 25 000 animals, camels, horses and cattle, are traded. It is also a major festival so many people of the region come to Pushkar in order to enjoy the fair, take part in the religious ceremonies or indulge in purchasing all sorts of items.

The first set of dates is our safari Udaipur to Pushkar. The second set of dates is our safari from Pushkar to Udaipur (Pushkar Return Safari). The time spend on the Pushkar Fair in both safaris is equal.

Terrain: From the Aravalli Hills to the flat sandy plains of Thar Desert.

Accommodation

Accommodations

This is a wilderness ride, so nights will be spent in a combination of hotels and camps.

Description

Accommodation during the riding portion of the tour (in most cases) will be in a safari camp. The reason for this is that many of our routes lead through scarcely populated areas away from the usual tourist paths. Very often the night has to be spent in the nature away from human dwellings.

Riding

Daily Schedule

A normal safari day includes between 5 and 6 hours in the saddle plus a lunch break (lunch is either taken as a lunch packet or brought to the riders by our jeep) and several smaller breaks for sightseeing on the way or a tea stop in the little hamlet by the way.

Our Horses

Nearly all the horses we use for safaris and trail riding are Marwari horses. This breed is native in Rajasthan and best suited for long rides in this region.

Our horses live in comfortable stables and paddocks and are left to roam free during the day on our farm. All our horses have been handpicked by us as we wanted to have only the best suited horses for our safari. As we have some foals every year, some of our riding horses were born in our stable and raised and trained by us. In fact, we are very proud that today we have a stable of finest Marwari horses fit for riding and breeding.

We believe in the principle of Natural Horsemanship which means that we keep our horses as natural as possible and train them according to NHS. Some of them are ridden with a hackamore, just a halter or even a simple neck rope. All are very well trained, obedient and a pleasure to ride. Our horses are cared for with love and affection. They are properly fed, vaccinated, de-wormed and shod.

On the safaris we take only horses which are 100% fit and prepared. Already before the safari, we try to find a suitable horse for each rider according to riding skill and preference. Spare horses go along each trail in case another horse goes lame or one rider wants to change.

Tack & Riding Style

We have imported saddle tack for all our horses in order to maximize comfort for horse and rider.

The riding style is different to both English and Western. We offer lessons on the horses prior to the ride. A couple of extra days for pre-safari lessons may make your riding experience more enjoyable. Please let Hidden Trails know if you would like to book lessons before your ride.

Guides

The safari is run by a member of the oldest and most honored noble families of Udaipur, whose history is interwoven with horses for many centuries, and his German wife.
