About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Sicily, Italy

Although so close to Italy's mainland, Sicily couldn't be more unique and diverse in attitude and atmosphere. This island is rich in history and culture and promises an unforgettable time. Trekking across the entire North-Eastern area of Sicily on horseback will leave you breathless with wonder. This route takes you through Val Demone and across four parks called the Madonie, Nebrodi, Etna, and Alcantara. Enjoy relaxing in new accommodations every night. Many of the farmhouses are from the 18th century that have been restored to use as lodgings but still maintains the artistry builders once used when making them. Each guesthouse offers locally grown foods and such delicious cooking you'll have yourself asking for seconds!

Start off the tour with an enchanting ride through the largest cork forest in Sicily to charming old medieval towns, maintaining the ancient atmosphere and giving you a feel for how people used to live. Many cities can be dated back to Ancient Greece (800-500 B.C.) which still carry many old customs and traditions. Explore abandoned castles and scenic paths through landscapes lost in time. Nebrodi Park offers you glimpses on the Tyrrhenian Sea and the Aeolian Islands in one direction but if you turn your head you see the vast hinterland provinces. You'll ride past native sanfratellani horses, a famous breed in Sicily known for their strong bodies and large heads, grazing in the wild. Alcantara Park hosts a large beautiful river which you ride along as you head towards Catania province. Volcanic caves, and chestnut and oak forests will greet you as you ride through the Etna Park. Depending on volcanic conditions, you'll be able to ride around the craters that were created by the last eruption in 2002.

Cefalu to Etna takes you whirling through Sicily's northern landscapes and towns with new sights and experiences after each step. This is an unforgettable opportunity that you wouldn't want to miss if you love the mixture of horses, landscapes, history, and culture!

Riding Experience

You should be able to sit on horseback for up to 8/9 hours, with a considerable physical effort.

Horses

The horses are bred by us. They are Sicilian-native (indigenous), Arabs, Arab mixed, Andalusians and Sanfratellani. They are trained with a good attitude for long distance rides. They are safe, proud and happy to go everywhere you ask them to go.

Staff

Luciano is a breeder of indigenous Sicilian pure bred horses and has extensive knowledge of the paths and bridleways of the Nebrodi and Madonie mountain range. In addition, he is an expert guide of all the trails and speaks fluently French, Italian, Sicilian as well as basic English.

Sergio has been an expert in the field of tourism in Sicily for many years. His passion for promoting tourism in Sicily is second to his passion for horses. He speaks fluently English, French, Italian and Sicilian.
