About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Lazio, Italy

Make a handsome 17th century castle and its "borgo" your home while befriending a reliable and beautiful horse. Enter Alta Tuscia, one of the less inhabited Italian regions waiting for you to explore its reaches. Your riding days will be spent in the territory surrounding Castle Cristina, a centuries old castle estate still owned by the ancient and noble Caterini family, whose new generation with a passion for horses has turned the premises into an enchanting resort with an equestrian flair.

Encased in between Southern Tuscany and Umbria, the land is rich with endless historical and archaeological sites with ancient pasts! This area, cradle of the ancient Etruscan civilization, was later named Ducato di Castro and during the Renaissance belonged to the pope's son, Pierluigi Farnese for over a century between '500 and '600.

View the many tombs, towns, palaces and castles scattered about the countryside while horseback riding along the "Brigands Path" an old track once used by the local outlaws trying to avoid the law, some two hundred years ago! With your faithful equine partner, you will cross beautiful vineyards and olive trees with breathtaking views of Lake Bolsena and ride through lovely chestnut woods and into the open, empty plains.

In Alta Tuscia there is an old passion and tradition for the horse and the local cowboys known as the "butteri" regard them as their closest friends. Hospitality is warm and simple, but truly authentic of a region still relying on agriculture as its main income. Whenever possible, every long excursion will stop halfway at one of the delicious resident restaurants or "trattoria" where tasty and bona fide local recipes are served! During your downtime at the castle, lounge in the 2 lovely swimming pools and sunbathe or play a lively game of tennis on the resident courts and even challenge your mate at ping-pong! Mini-soccer and billiards complete the activities available, and if you are lucky, you may even have the Count invite you to share a drink and a personal tour of the tower!

Accommodation

Accommodations

This is a stationary ride, so you will be staying in the same location during the trip.

Description

Just below the castle stands a handsome 18th Century farmhouse, the original centre of the estate's farming activities. The farmhouse has been skillfully converted with careful attention to conserving authenticity together with comfort and privacy, in a pleasant combination with communal living. The large farm now contains eight charming apartments and 14 double bedrooms (no twin rooms available) furnished with original pieces and all equipped with private bathroom and free Wi-Fi access.

The ground floor of the farm house opens onto the main terrace, which overlooks the swimming pool. On the ground floor there is a large "taverna" with brick vaulted ceilings. The space is divided into three main areas: dining room, billiard room, ping-pong room, plus a large kitchen available for all the guests and equipped for cooking courses.

We also have a washer and dryer that guests can use for a small fee.

The outdoor pool is open from June 1st to September 30th. There is a tennis court as well as Volleyball courts, mini football pitch, and Jacuzzi on site.

Room Occupancy

If we are unable to find another rider to share the room with you, a single supplement fee applied. Single room accommodations are subject to availability.

Meals

All meals are included for this trip. We prepare local traditional food, like lasagna, handmade pasta with ragù, roll meats. Dinners will be served either in local restaurants or at the castle estate.

Some wine is included with lunch and dinner.

Dietary Restrictions

We can cater to all dietary restrictions with prior notice.

Riding

Riding

This trail includes 5 riding days: 1 full day (4-5 hours) & 4 half days (2-3 hours). You can also add a 50-min private lesson to your package for 40€ pp.

This trip can suite all riding levels from beginners (lessons in the arena) to experts. Excursions in the countryside on medium / long distances require rider's ability to control the horse at the three gaits, including canter. The overall pace of the ride is moderate with trots and canters.

Horses

Our horses have been selected for their attitude and breed. We have 20 horses at the moment that come from a wide range of breeds including: Italian Maremmano and Murgese, German, Dutch, French, Anglo Arab and cross breeds. They are our most important partners that we take a lot of pride in.

Most of the year, they live outside in the large paddocks with shelters. We also have a stables area with boxes and comfortable shelter when the weather is bad or the horses are ill and need to recover.

Around the castle, there are 100 hectares of green, sheltered fields where the horses are left free to graze. They definitely lead a good life.

We do our best to choose the best horse for our guest according to their level.

Riding Equipment

Helmets and body protectors of different sizes are available for our guests so that they can ride safely.

Some boots of different sizes are provided but if you have your own boots and helmets it is advisable to bring your own.

All guests MUST wear a helmet!

Facilities

Two large sand arenas are available for our guests to test their skills. The ground is made of volcanic sand, typical of the area. One arena is used mainly for the flat work and the other larger arena is used for show jumping. The flatwork arena is also lit with floodlights. At the opposite side of the castle we have created a 2.000 m cross-country course with beautiful wooden jumps and soft reliable ground.

Staff

Antonio is an ENGEA equestrian guide as well as the owner of the estate. He has several years of experience, riding, training and keeping horses in the countryside. He believes that the new methods of training such as Monty Roberts' and Pat Parelli have improved enormously the relation between humans and horses and our horses are benefiting from that. His knowledge of the trails of the area as well as his passion for horses and for this place will make your trip really special.

Kylie is our Kiwi guide and instructor. She has been riding all her life. After graduating university, she decided to combine her love of horses with her passion for travel and became a horse trekking guide in various countries including Australia, England, Greece, Chile, Egypt and Spain.

Insurance

Insurance covering horse riding accidents is mandatory. You have to tell the booking office in advance if you are uninsured. If you have no insurance, please consider that we need at least a 48 hours' notice for activating one for you.

Non-Riding Activities

The estate has many other activities to offer to non-riding guests such as cooking classes, cycling, tennis, swimming and massages. There are also a number of attractions that are located in close proximity to the estate. Please, inquire for more information.

Extra Activities Nearby (added fee)

Boat Rental at Lake Bolsena (max 5 people per boat)

Lake Bolsena is a volcanic caldera lake supplied entirely from the aquifer, rainfall and runoff. A Caldera is a cauldron-like hollow formed following the evacuation of a magma chamber as opposed to a Crater which forms following an eruption around a volcanic vent. Roman records indicate activity of the Vulturno volcano occurred as recently as 104 BC but it has been dormant since then. The two islands in the southern part of the lake were formed by underwater eruptions following the collapse that created the caldera.

Wine Tour (20€ pp + transfer service - approx. 70€ per car)

The vineyards are located precisely on the slopes of the spur of tufaceous rock on which Sovana is perched, immersed in a breath-taking natural and archaeological panorama. The property was acquired by the Antinori family in 1995 and extends over 193 hectares (some 480 acres) on a gently sloping terrain of volcanic origin with a tufaceous sub-soil. It is situated at approximately 200 meters (660 feet) above sea level. The Fattoria

Aldobrandesca wine premiered in summer 1998: Aleatico 1997. In 2004 premiered Vie Cave: the fruit of lands of widely varying features and careful zonal and oenological research.

Spa Visit (inquire for rate)

The medieval village of Sorano is famous for its ancient springs. Recent hydro-geological research has confirmed the existence of an important flow of thermal water, enhancing the value of the ancient springs located above the church of Santa Maria dell'Aquila. This natural treasure is now used to feed a large thermal pool, with a special area reserved for children and including two waterfalls. This allows guests to benefit from a natural hydro-massage all year round. The water, rich in calcium, magnesium and bicarbonate, emerges from the springs at a temperature of 37.5°C. Today, guests can enjoy the benefits of this thermal water in the unique surroundings of the Sorano Thermal Springs Residence.
