About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Norway, Norway

Come experience what Norway has to offer - breathtaking scenery, rustic lifestyle, friendly people, and great sense of adventure!

The Norwegian landscape is quite varied, beautiful and dramatic! High mountains, deep valleys, idyllic villages, peaceful forests and the most amazing scenic coastline dotted with its thousands of islands, islets and narrow, jagged fjords. Going horseback over the rugged and pristine countryside, you are bound to find yourself simply fascinated by the stunning and distinctive regions of Norway as we cover 95 miles of equestrian trail that will please both the novice and experienced rider, and the world traveler alike. Our first and last nights of the trip itinerary are at a good local hotel with each a clean private room, en-suite bath and kitchenette. However, out on the trail we commune with nature; we find great peace in the outdoors and residing in our rustic huts amid the green wilderness and fresh air. Living basic does not mean we will be uncomfortable, however: the little huts are nicely heated for your warmth and some will have quaint saunas for you to relax and rejuvenate the mind, body and soul! A co-operative group tour, everyone must take part in the day to day chores in order for this back country experience to truly be the horseback riding trek with the best memories and friends - four and two legged! So bring along enthusiasm, flexibility and team spirit for the adventure tour of a lifetime!

We offer a number of different route itineraries, but essentially they are all quite similar...

- Helags Mountain into Sweden
- Uncle Zebs Gourmet Ride
- Storvallen Ride into Sweden
- Ramsjo Special
- Wilderness Tenting tour

Riding

Horses

Our partner and outfitter has been conducting riding tours throughout the region around the Sweden/Norway border since 1971, and he imports his horses directly from Iceland. The herd of 35 horses has been selected because of their strength and reliability required in such mountainous terrain.

Often called the horse of the Gods, the Icelandic horse came with the first Nordics whom settled on Iceland around the 7th century. For over 1000 years, these horses have lived isolated on Iceland, while they are growing in popularity as riding horse imports around the world. Incredibly smooth and comfortable to ride, the horses have unique primal gaits called the "tölt" and "flying pass". "Tölt" is a fast four paced movement and when the horse "tölts" it lowers its back and raises its head and neck. The rider sits almost still in the saddle, and the horse flows beneath with barely a bump to its rider!

Staff

Ole has been guiding mountain tours for over 20 years. He is familiar with each valley, field and stream and he knows every farmer in the area. He has accumulated a wealth of knowledge about the landscape we are riding in. Furthermore, he knows a great number of stories about the mountains and about people who have traveled them in the past. He leads week trips as well as some 3 days tours and tent tours.

Odfurud has imported about 700 Iceland horses to Norway of which most have been tamed personally by him

Oddmund has imported about 700 Icelandic horses to Norway of which most have been trained personally by him. Even though Oddmund is so-called retired, he is still fully engaged and involved in the center. He lives at Stuguvollmoen where the horses stay during the summer.

Eilert has worked since 2011 as a tour leader. He graduated hoof smith from Vången highschool in Sweden and can count many years of experience when it comes to horses in the mountains. His extensive guiding experience and knowledge makes him very valuable.

Itinerary

The riding tours we offer through the beautiful mountains and valleys of Norway, alternate itineraries from week to week. The general flow of the trips is similar - just different valleys and mountains to traverse. First and last night are usually in hotel accommodations and the other five nights are in rustic yet cozy mountain huts along the way. Nothing fancy, but a good place to get out of the weather and get some rest. On most days you will be packing your belongings in your saddle bags - so pack lightly!
