About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Cusco, Peru

For those of you looking for a more luxurious way to follow the Inca's trail, this is the trip for you! By day we ride through the majestic Cordillera Vilcabamba, a spectacular mountain range in the heartland of the Andes that cradles the legendary site of Machu Picchu. By night we stay very comfortably in beautiful boutique luxury lodges, each positioned a day's ride apart.

Rediscover an historic old Inca route on high quality trekking horses, cantering through undulating open vistas, climbing rugged and steep mountain trails and meandering beside raging rivers. This adventure allows you to experience the country of Peru at its finest and in comforts like never before, enjoying the service and accommodation of the region's top quality mountain lodges located in remote and pristine areas before finally reaching Machu Picchu - the crown jewel - as a final destination.

In this journey you will ride from 3,900m to 2,100m, traversing magnificent mountain passes, being inspired by enormous and mystical snow-capped peaks like the Salkantay, seeing nature in its purest and exploring several different eco-systems from start to end. Moreover the chances for ethnic and cultural exchange are ever-present, with local natives along the way who will still remain closely attached to their heritage and are very willing to share it with your open minds.

The luxury mountain lodges feature gourmet Peruvian cuisine, outdoor Jacuzzis, comfy beds with down duvets and cozy lounges with fireplaces.

The finest imported Quarter horses from top farms in Uruguay are the foundation stock for the herd we select our trekking mounts from. The breeding program has introduced Arabian bloodlines that bring passion and loyalty to the steeds, and the training programs have refined the horses to produce unparalleled riding partners, specially suited to the high mountain terrain of the Andes.

Those in search of a true once-in-a-lifetime experience can chose to ride with us to make their pilgrimage to Machu Picchu in style, comfort and sure-footed horses as confident companions.

If paying with a credit card, please note you will not be able to present a new credit card when settling the bill.

Communication

We offer satellite-based communications at all 4 lodges along the Salkantay Trail to Machu Picchu. Due to the satellite-based nature of the system, signal reception may not be guaranteed in cases of continuous or extreme bad weather conditions. These phones work on phone cards which can be purchased at the lodges. As a reference, a US\$10 phone card provides 10 minutes to the US/Canada and 5 minutes to Europe.

We also provides rural Wi-Fi internet service at all 4 lodges. However, as a sign of respect and courtesy to other guests, we kindly ask that the use of the internet service is limited to use within the guest rooms and is prohibited in the common areas of each lodge.

Terms & Conditions of Internet Use

- If you decide to bring your own laptop the rate is US\$12.00 per day, at each lodge, for unlimited Internet access. A username and password will be provided to you when the service is requested. A "public" laptop is available at each lodge for the guests to use for a flat fee of US\$6.00 per session. Each session has a maximum duration of 45 minutes per guest.

- Payment of the services will be charged to your credit card at the end of the ride.
- Please keep in mind that good internet reception is not guaranteed due to the satellite-based nature of the system.

Continuous and/or extreme bad weather conditions might negatively affect the internet signal.

Massage Services

We offer professional massage services at the Salkantay Lodge from March-December, as well as at the Wayra, Colpa and Lucma lodges—subject to availability, please inquire prior to departure. The cost for a massage service is ~\$85 per 50 minute session.

Room Occupancy

Single supplement is mandatory if we are unable to find another rider to share.

Meals

While on the trip we include all meals except dinners in Cusco. Meals at the lodges are designed to be light, because of the effect high altitude has on the digestion, and to contain the necessary nutrition for guests riding at high altitude.

Alcoholic drinks are not included, and guests are asked not to bring any bottle with them on this trip.

Dietary Restrictions

Please inform us at the time of booking of any dietary requirements. If any requirements should arise between the time of booking and the trip beginning, for instance, due to a change in health circumstances, ie, diagnosis of diabetes, please inform us as soon as possible and we will make every effort to accommodate your needs.

Riding

Riding Experience

Intermediate to advanced. Beginners are welcome as we have different type of horses and direct assistance from a horseman available for them, however we recommend taking at least 6 hours of riding lessons prior to arriving in Peru. We keep groups small, carefully match horses to riders, see that people of similar skills ride together, and train ride leaders carefully.

In case we have riders of different skill level, we usually divide the group into 2 in order to accommodate everyone.

Horses

We have bred a number of our own Quarter Horses, which are specially exercised and trained for this trip, so they are highly aware and accustomed to the local terrain, wildlife and to performing at high altitude, making them a very secure ride. They combine responsiveness, energy, bravery and manners to produce the perfect trail horse. All horses are picked from a pre-selected pool especially for each trip, according to their level of fitness at the time.

For extra precautions, horses are fitted with boots or bandages to protect their extremities. Our horses are trained Western so they are used to neck reining and going on a loose rein.

Tack

We mostly use American endurance saddles (similar to Western-type; synthetic) but there are English-type saddles (Uruguayan Endurance Saddles) available for those who prefer them. We are very careful in checking that the saddles fit each horse well and we constantly ensure that the tack and shoeing are in excellent condition.

Pace

The ride consists of 5 days (2 days optional) of moderate to strenuous riding (and optional walking on day 6). We cover about 60 km total.

Terrain

The ride crosses nine different eco zones in seven days, with the possibility of changing weather conditions. We ride at elevations of 2,000m-4,600m (6,600-15,000ft) on diverse types of trails ranging from flat and grassy to steep and rocky slopes.

Altitude

Altitude sickness is most common at elevations above 6,500/11,900m and results from the body adjusting to a decreased amount of oxygen. To combat this, we recommend spending a few nights in Cusco prior to the start of your program. In addition, it is always important to drink plenty of water. Filtered and purified water is available at our lodges and carried by trek support at all times. In case of extreme altitude sickness, both oxygen and hyperbaric chambers are available as needed.

Age Limits

The recommended minimum age of participants is 12 years old. However, we may consider exceptions depending on experience and physical condition.

Helmets & Insurance

We strongly recommend the use of helmets on this ride. They are available for loan at no additional cost.

We kindly request that every guest presents valid proof of insurance coverage as a minimum for Medical Emergency Treatment and Evacuation. Make sure that the insurance policy includes Adventure Travel Activities or similar coverage.

Guides

Depending on group size, 1 main guide or one main and one assistant guide you for the duration of the itinerary.

Itinerary

Sample Itinerary - subject to changes

NOTE: If you have more time and wish to discover the Sacred Valley before or after your tour, we suggest looking

at our [Sacred Valley Explorer](#) or our [Andean Villages Ride](#).

Day 1: Arrival

When arriving in Cusco, check into your accommodation. Usually we have a 'Briefing' around 7 PM with your tour leader at a local restaurant. During this briefing, you will meet with the group and the guide and be given the detailed itinerary and any last-minute changes. At that time, we will also re-confirm any specific dietary and medical information of the participants and answer frequently asked questions. Then, we will proceed to a participant gear & equipment verification.

Meals included: None

Overnight at Boutique 'Casa Andina Premium Collection' or similar hotel

Day 2: Cusco to Salkantay Lodge

After an early breakfast, guests will be picked up starting at 7:00 am at the hotel in Cusco by the guide and transfer by vehicle in direction to the Salkantay Lodge in Soraypampa. The first stop is a visit to the Quillarumiyoc archaeological site en route to the mountain village of Mollepata. Enjoy lunch at El Pedregal, a beautiful farmhouse in the village, where you will also have the opportunity to learn about local agriculture and livestock.

After lunch, you will take a scenic ride to Coronilla Ranch to meet and get to know your horse and start a 4-hours ride to the Salkantay Lodge in the high plain of Soraypampa.

Riding Hours: Approx. 4 hours (including picnic lunch en route)

Type of Terrain: Open roads, some steep ascending trails

Pace: Walk, trot, canter, gallop on open roads

Meals included: Breakfast, Lunch & Dinner

Overnight at Salkantay Lodge

Non-riders will be transferred directly to the Lodge.

Day 3: Ride to Humantay Lake and the Chakana

Today's excursion takes us first to Humantay Lake, fed by glaciers far above on the slopes of the impressive Mt. Humantay. Our 1-hour ride there is followed by a short 20-minute walk, which is necessary in order to reach the lake, but the view is well worth it and those brave enough can go for a swim! After a short snack break we hike back down to where we left the horses, and from where we begin a 30-minute ride to our next dismount spot: the gateway to the "Chakana" (the mystical Cross of the Incas, located on a view point high above Soraypampa). From here, we begin a one-hour excursion on foot to our destination, the actual "Chakana". This excursion allows guests to enjoy the best views of the Soraypampa Valley, Mt. Salkantay and Mt. Humantay, and is truly one of the high points of our journey which should not be missed! A mystical offering to Mother Earth (or "Pachamama") at the Chakana, performed by a local Shaman, in full view of the awe-inspiring Mt. Salkantay, tops off this unique experience.

We return to the lodge for lunch with your afternoon at leisure, after which you may choose to trade the glacial swim for a relaxing soak in our outdoor jacuzzi. Additionally there is the option of riding out again for a couple of hours in the surrounding area. In the evening, the guide briefs us on gear and the itinerary for the following day.

Riding hours: Approx. 4 hours

Type of Terrain: Open roads, some steep ascending trails and open fields

Pace: Walk, trot, canter on open roads

Meals included: Breakfast, Lunch & Dinner

Overnight at Salkantay Lodge

Non-rider activity: Hike to Humantay Lake

Day 4: Crossing the Salkantay Pass

Today we continue our journey towards Machu Picchu, riding up the Rio Blanco valley and circling Humantay Peak across from Salkantay Peak. The highest point of the ride is the Salkantay Pass at 4,638 meters (15,213 ft). At the pass we stop to take in views of snow-capped peaks of the Vilcabamba Range in every direction, with the glaciated south face of Salkantay towering above us. We will keep our eyes out for Andean condors, often visible in this area. From the pass we descend towards the Wayra Lodge, ("Wayra": wind; from the name of the location "Wayracmachay": 'the cave where the wind lives') our destination for the evening.

Riding Hours: Approx. 4 hours (including hot lunch en route)

Pace: Walk, trot on mostly steep trails, some open slopes

Meals included: Breakfast, Lunch & Dinner

Overnight at Wayra Lodge

Non-rider activity: transfer to Ollantaytambo or Cusco or hiking along the trail

Day 5: Descending into the Cloud Forest

On this day we enjoy a leisurely breakfast at Wayra Lodge, and then we continue downhill above the Salkantay River, descending into the cloud forest, through increasingly verdant scenery. We can feel the warm air rising from the jungle, accompanied by colorful butterflies and striking orchids. Upon arrival at Colpa Lodge we are greeted with a Pachamanca, a traditional festive Peruvian meal cooked by layering meat and vegetables with hot stones. Everything is then covered with hot stones, plantain leaves, high Andean grass and local herbs and the contents are baked in this underground oven.

Colpa Lodge is located on an open plateau at the confluence of three rivers. The outdoor jacuzzi has panoramic views of lush green mountains. We spend the afternoon relaxing or exploring the nearby orchid trail.

Riding hours: Approx. 3 hours

Pace: Walk, trot on narrow trails

Meals included: Breakfast, Lunch & Dinner

Overnight at Colpa Lodge

Non-rider activity: Free day in Ollantaytambo or hiking along the trail

Day 6: Following the Santa Teresa River Valley

Today we ride along the Santa Teresa river valley, through more populated rural areas. We pass through banana, passion fruit, avocado orchards and coffee plantations. The coffee grown here is said to be one of the best organic coffees in the world. Our ride takes us to the beginning of the "Llactapata Inca Trail", which is where we say goodbye to our horses and equestrian staff. A short 30-minute walk through an avocado orchard brings us to Lucma Lodge.

Riding Hours: Approx. 4 hours

Pace: Walk, trot and canter on steep trails and some open roads

Meals included: Breakfast, Lunch & Dinner

Overnight at Lucma Lodge

Non-rider activity: Transfer by train and vehicle to Lucma Lodge, hiking along trail, or Canopy Zip Line Tour

Day 7: First Views of Machu Picchu from Llactapata Pass

After a hearty breakfast, we tackle the last day of our trek. At this point, we will say goodbye to our beautiful horses and get ready for a 3 hour-hike towards Llactapata Pass (2,736 m/8,974ft), where we come upon a distant but spectacular view of Machu Picchu Sanctuary from the southeast, a view few travelers ever get a chance to admire.

We take a short break to explore the Llactapata Ruins, which have recently been restored. Lunch is served at a scenic viewpoint, looking out to Machu Picchu. After which we begin our final descent to the Aobamba River through lush bamboo forests, orchards and coffee plantations. We then board a train for a scenic ride (approx. 1 hour) to Aguas Calientes, the town of Machu Picchu. Upon arrival, we check into an award-winning hotel for a celebration dinner with our guide and one last briefing!

Note - Those who prefer not to hike can go to the train station by van after a leisurely morning including breakfast and lunch at the lodge. They will meet the rest of the group at the train station for the ride to Aguas Calientes together. (The guide confirms your preferences the night before.)

Hiking Hours: 4-6 hours (Moderate to challenging)

Meals included: Breakfast, Lunch & Dinner
 Overnight at Inkaterra Pueblo Hotel in Aguas Calientes

Day 8: Visit Machu Picchu Sanctuary

After a very early buffet breakfast at the hotel, we make our way to the bus station for the ride up to Machu Picchu Sanctuary (30 min). Our trip leader will give an introductory 2 hour guided tour of the ruins, after which we have the option of climbing the steep staircase of Huayna Picchu, a steep and vertically quite challenging hike that takes about 2 hours which affords great views of Machu Picchu. Afterwards, we meet up with our guide again and return by bus to Aguas Calientes for a late lunch and to catch our train. The ride from Aguas Calientes to Ollantaytambo takes about 1½ hours, and then a private vehicle will drive us back to Cusco (an additional 1½ hour). Upon arrival in Cusco (approximately 7 or 8 p.m.), you are dropped off at your hotel.
