# About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.
With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.
You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.
We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Riding

**Horses**
Our horses are purebred and crossbred « Paso Peruano » horses, cold and surefooted mounts aged from 6 to 16 years old. This Peruvian breed was introduced by Spanish conquerors at the beginning of the 16th century during colonial period, and is nowadays protected as part of the cultural Heritage of the Nation. With its four beat lateral gait, called "Paso Llano", the Peruvian Paso gives its horseman the smoothest ride in the world on any kind of ground.

**Tack**
All our saddles are traditional wood frames called « Montura de Cajón » covered with stitched leather called « pellonera ». The rings for the stirrups and cinch are covered with rawhide flaps. The back of the horse is protected by a woolen blanket and another leather blanket above ("carona"). Stirrups are made of wood or leather, wooden ones in pyramid shapes and often decorated with nickel, both with a closed front. Every saddle bears saddlebags to transport bottles of water, and your compact camera. All our horses are horseshoed because of rocky ground.

**Staff**
An Equestrian English-speaking guide, and a Peruvian Spanish-speaking Chalan (stable boy and horse trainer) will lead you during the entire Horse ride, with a support vehicle between Yanque, Madrigal and Pinchollo.

After reaching the spectacular "Mirador de los Volcanes", at an altitude of 4910 meters (16000 ft) above sea level, we descend into the Colca valley which has an average elevation of about 3500 meters (11000 ft). You will arrive at your hotel in Yanque in time for lunch.
