## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

Transylvania, Romania  
Pure nature, spectacular panoramas, mysterious forests...

The idyllic Szekler country unites the wilderness of the Eastern Carpathians, the beauty of the rugged mountain passes, small riding trails through mysterious spruce forests and the romantic dreaminess of hidden campsites. It is the variety of landscapes and the originality that make this horse-riding holiday an unforgettable experience that should not be missed in any trail-riders life.

Here, in rural Romania, time seems to stand still. Traditions continue to be part of the daily life: shepherds live with their animals on the vast mountain pastures, people get around towns and villages in horse-drawn carriages...

Get acquainted with the Szeklerian hospitality while staying in small, friendly family guesthouses and let yourself be pampered by the local cuisine. Some nights will also be spent camping surrounded by beautiful mountain landscapes.

One of the highlight of this trip is the bear watching experience during which you will see (with some luck) the local brown bears in their natural habitat.

## Accommodation

**Accommodation**  
This is a progressive ride so all nights are in different locations.

**Description**  
Overall, the accommodations are rustic in remote locations with true immersion into the local culture. On this adventure, you will spend 5 nights in a tent under the starlit sky, 4 nights at the ranch and 12 overnights in small, friendly family-run guesthouses where you will get to know the hospitality of the Szeklers, who will spoil you with local delicacies.

In all guesthouses, bathrooms are shared and all include hot water as well as flushable toilets. Wi-Fi internet is almost never available and there are no laundry facilities.

#### Guesthouse (Ranch) near Kovács Péter

You will stay in our 120 year old rustic log cabin that used to be a Csango farm. The traditional architecture was kept. It is hidden in the middle of the nature, far away from civilization. There is no electricity, no internet and no cell service here. The accommodation is simple and guest can choose to stay in shared rooms inside the log cabin or in a Mongolian yurt. Facilities are shared and there are flushable toilets. A fireplace keeps the house warm and the wood-heated outdoor showers provides a special experience. In the evenings, you can relax in our warm, saltwater-filled bath barrel while enjoying great views of the surrounding mountain.

#### Room Occupancy

Single rooms are not available.

#### Meals

All meals are included with this trip and you will have the opportunity to taste local Romanian dishes. Alcoholic drinks are not included, but guests are welcome to bring their own if they want.

We serve 2 warm meals (rich breakfast and 2-course dinner) & a saddle bag picnic for lunch everyday.

The ingredients used for our dishes are of sustainable, ecological and regional origin.

Our vegetables and fruits come from the weekly market in Gheorgheni. Cheese and milk are supplied to us by the neighboring farmers and the meat comes from animals that were allowed to grow up in peace on the lush meadows. No antibiotics, no genetic engineering, natural food and happy animals!

We also use trout from nearby fish farms, wild boar and deer products from the nearby forests.

Finally our self-collected porcini mushrooms, chanterelles and blueberries also contribute to a colorful, biologically oriented cuisine.

#### Dietary Restrictions

We can cater to vegetarians & vegans and we are always trying very hard to put together a varied menu for you!

We also cater to guests with food intolerance or allergies; just let us know if you have any dietary restrictions at the time of booking.

#### Riding

#### Horses

The horses are mostly crosses between Lippizans and indigenous breeds (Szekler horses & mountain ponies). We breed our own horses. All are calm, mentally balanced, not overbred or nervous, and live in freedom without any kind of force or negative pressure.

At a very young age, our horses already learn how to proceed securely on broken, slippery and rocky land since they take part on the tours following their mothers.

The studs are kept on the pasture, so their nervous system is stable and calm and they are glad to fulfill their daily tasks.

We start training our horses when they are 4-5 years old and mostly all of them can be used under saddle or as pack-horses.

#### Tack

Our saddles are comfortable, remodeled, German military saddles that have been specially developed for a high level of comfort for riders and horses over long distances. If required, our guests can get a lambskin seat cushion for their saddle.

The self-designed, leather saddlebags are made by hand and are used to safely carry the guests' belongings while on the trail (max. 8 kg).

The saddlebags and the packs were modified in order to enable the packhorses to follow the team, even at a canter.

#### Riding Gear

Some of our guests do not want to give up their usual equipment during their holidays. It is okay to bring your own stirrups, saddle cushions, reins or your own tent. Please, let us know in advance!

However, riding with your own saddle is not possible for the benefit of our horses. Our horses wear saddles that are specially tailored to their individual back shape.

#### Weight Limit

Out of consideration for our horses, our weight limit is 90 kg. However, some exceptions can be made depending on various factors – please inquire

#### Tour Leader

Csaba's love for the mountain, horses and riding tour started in his childhood. He feels most at home when he can be close to horses and nature. He knows the trails inside and out, even the most isolated tracks. I also know many of the locals there.

#### Insurance

All participants must have their own insurance to take part in this trip.

#### Solo Travelers

Solo travelers and women traveling alone should feel safe while travelling through Romania. Although public transport is slower than in Western Europe, it is safe and our guests have never had any problems in the past.

## Itinerary

#### Sample Itinerary - *subject to changes*

##### First week

In the first week, you get an intimate insight into the nomadic way of life of the simple shepherd and cowherd. Along the main ridge of the Carpathians, you can enjoy the spectacular beauty of the valley below, with an impressive rock landscape.

The nights are spent camping in beautiful natural locations far from civilization

The riding pace is rather slow, but the green mountain plateaus always invite to brisk gallops.

This week-trail ends at Lake Santa Ana, a unique crater lake located 950 meters above sea level.

On a well-deserved rest day, take a hot bath, drink the crystal-clear water of the famous mineral spring, visit the lake of Santa Ana and in the evening a very special highlight awaits you: a bear watching experience.

##### Second week

The second week is characterized by the deep, shady forests of the Harghita Mountains. You will ride through the gorges of Varghis, where you will enjoy several cultural attractions.

The route passes a legendary iron foundry, which became famous for producing the first cannon during the Revolution.

Then the path leads through the gorge, where you can visit the cave of Almasi. We ride through the Homorod region, where we will spend the night in 3 beautiful Szeczin villages "Zetelaka", "Farkaslaka" and "Enlaka".

During our rest day, we visit a pottery workshop in Korond and relax in a small spa center.

The accommodations this week are in small, charming, rural inns.

##### Third week

During the last week of our adventure, we cross the volcanic plateau Ghiurghiu, and pass through a village where wooden shingles are still made using traditional methods.

On the Harghita Plateau, we meet the herd of an ancient Hungarian cattle breed and then return from the peaceful country life back to the wilderness of the Harghita Mountains.

You will get to explore paths that few tourists get to see, leading through enchanted landscapes, where animals such as deer, capercaillie, lynx, wolves, wildcats and bears roam thrive.

The end of your journey is getting closer and you might not want to leave!

The accommodations for the last week are all rustic, traditional pensions and inns.
