About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.
With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.
You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.
We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Waterberg, South Africa
One of the oldest farmsteads in the Waterberg mountains of South Africa, Triple B Ranch was settled by the pioneering Baber family over 100 years ago!

The horse and cattle ranch continues to operate as a working farm, a property filled with the local wildlife and essential oil, offering 20,000 acres of horseback riding country to guests from far and wide.

We run a herd of over 80 free roaming horses and can cater for all levels of riders from experienced to complete novice. This is the perfect holiday for those riders wishing to experience the pleasure of riding with African wildlife in the absence of dangerous game. Wildlife to be seen on the reserve include hippo, giraffe, zebra, antelope, leopard, caracal, brown hyena, jackal, crocodile and aardvark. There are also over 300 bird species on the reserve.
This riding holiday is fully flexible and offers the opportunity for many other activities in addition to game viewing, in particular great outrides over excellent riding country and also polocrosse, cattle mustering, jumping, western games, and swimming with your horse. There are two outrides or riding activities a day. Morning rides last 3-4 hours (or less if requested) and afternoon rides are somewhat shorter. Jumping is also available on request. Rides are tailor-made to suit the needs of our guests and we try to be as flexible as possible. The distinguishing feature of this safari is its relaxed and welcoming atmosphere. Horizon boasts an irreverent zest for life that is truly infectious and will leave you wanting more. We enjoy sharing this wonderful place and our lives with our guests, so come and be part of it.

Feeling saddle weary? At any point, you can opt to go on an non-riding adventure; you can visit the on-site bead craft workshop for some souvenir shopping or visit the shops in the nearby town of Vaalwater, or the ranch can book you on a nearby elephant or jeep safari at the neighbouring Big 5 reserve for the morning or afternoon. A wonderfully welcoming and varied horse riding destination for riders of all equestrian experience and abilities.

Riding

Pace
This holiday is suitable for novice to experienced riders. The pace of ride is varied to suit the rider with plenty of challenging riding for the experienced rider. Rides can be tailor-made short, slow, fast, or long with a good mix of walk, trot, canter, and some occasional gallop for the experienced rider. Polocrosse can be fast and fun and cross-country is available to guests wanting to experience jumping. There are two outrides or riding activities a day. Morning rides last 3-4 hours (or less if requested) and afternoon rides are somewhat shorter. Rides are tailor-made to suit the needs of our guests and we try to be as flexible as possible.

Guides & Safety
Guides leading the safari have many years' experience and most have grown up in the area and know the bush like the back of their hand. Our guides have either professional or assistant guiding licenses with the Botswana Qualifications Authority. They are qualified to use firearms and qualified in first aid.
All rides are conducted by two experienced professional guides. The lead guide is armed with a rifle and a bull whip. All management staff and guides do regular first aid training with a specialized doctor for remote areas. The lead guide has a local phone and a radio for use in emergencies.

Riding Groups
Rides are kept to a maximum of 8 riders (usually smaller groups) with two guides. Comparable abilities ride together.

Riding Gear
Hard hats are compulsory. We can provide helmets, but suggest that clients bring their own. We do not provide half chaps but might have the odd pair should clients need.

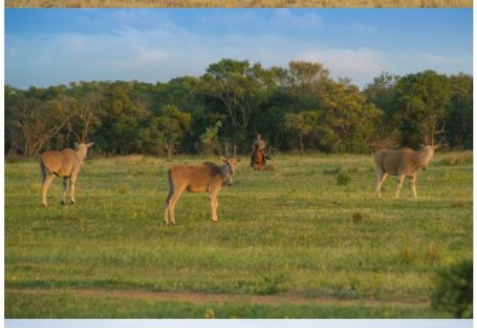

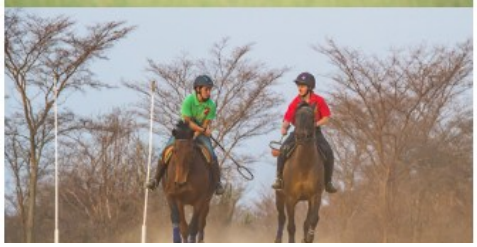

Horses
Our farm's string of over 100 horses have been carefully picked, bred, or nurtured over the years.
Though there are Thoroughbreds, Arabs, Boerperds, Welsh ponies, and various crossbreds ranging from 11.2 - 17.2, the uniting factor is a wonderful temperament and a willing nature when ridden. The personalities in the herd are wide ranging, from gentle natured animals eager to please and offering confidence to those riders who are a little nervous, to competitive energetic rides challenging the rider to enjoy their ability. In all our horses, there is an independence and responsiveness that allows the rider to make the most of our outrides. Our safari horses have been hand selected for their endurance, courage and responsiveness.
Our philosophy has entailed managing our horses as a free roaming herd within large tracts of natural pasture, rather than in stables or paddocks. The horses live freely in the bush and come in at dawn for breakfast and again in the afternoon.
Our horses are at ease with each other and within their environment, which generates calm and contented natures. As a result, we can offer our guests responsive, subtle and honest rides.
Our horses are mostly English schooled, so we highly recommend that Western riders have a course of lessons in English style prior to arrival.
Your horse will be groomed and saddled for you.

Children
Children under 16 please enquire. Strictly no under 12's.

Itinerary

The focus at our lodge and farm is on horses and quality riding. With a herd of over 100 horses, we are able to ensure that riders of any ability are well matched and have the chance to ride several suitable horses during their holiday.
There are two outrides or riding activities a day:
- Morning rides last 3-4 hours (or less if requested)
- Afternoon rides are somewhat shorter (usually 1-2 hours)
During your stay we try to ensure that you have the opportunity to experience all our riding options: outrides and game viewing, conservancy ride, polo crosse, swimming your horse, western games and cross country jumping. Rides are tailor-made to suit the needs of our guests and we try to be as flexible as possible.

Arrival: Transfer to the lodge (approx. 2.5 hours) in time for lunch. That afternoon enjoy an introductory ride.
Departure: Find a favorite ride of choice before departing after lunch.

Riding Activities
There is no better way to see the bush and its wildlife than from a horse. We ride across an area of approximately 21,000 acres. The terrain is mostly sandy tracks through the bush and open plain areas. The going is easy on the horses and riders and most of our horses are unshod.
The excitement of riding up to a giraffe on horseback is one you'll never forget. The game does not view a horse and rider as a threat, which enables you to ride literally amongst the game. You will never be as close or as connected to wildlife as from a horse. We are particularly fortunate on the reserve that our zebra are habituated and are quite inquisitive too. As with all wildlife viewing, nothing can be guaranteed, and if it was, it wouldn't be such a thrilling experience.
The lodge is in the reserve and as such on all rides, except other activities, there is an opportunity to see wildlife. The reserve and neighboring conservancy is a large area and we try our best to cover most of the different areas and habitats as we can during your holiday.

Conservancy Ride
This ride offers lovely long canters on sandy tracks and great game viewing opportunities on large plains, populated by a plethora of game: large herds of wildebeest, hartebeest, sable, eland and blesbok and impressive journeys of giraffe. Buffalo, ostrich, kudu, zebra, waterbuck and impala are also encountered. After a lunch at the lodge and a rest by the pool, the afternoon ride continues to explore this game rich area, riding back to the lodge in time for sundowners.

School Ride
There is a small village called Lehlabile nearby. There are about 40 Sotho dwellings and a small primary school and crèche. Many of our staff were born in the village and have grown up there. This ride meanders through the village to the local school. It is very interesting to see the traditionally painted houses and chat with some of the villagers. The children at the school are always very keen to meet the riders and horses.
Sometimes they will sing and dance. Crayons, pencils, paper, paint, play dough, secondhand reading books and toys make wonderful donations for the school, if you would like to support them.

Polocrosse
If you've never had the opportunity to play this game, we can strongly recommend it. We will teach you how to play. Even novice riders can take part and most guests get quite competitive after a chukka or two.
This game is a combination of polo and lacrosse, which uses a soft ball and lacrosse-like sticks. Players are organized into teams of three: scorer, center and defense.
The game starts with a line-out, where the umpire throws the ball into play. Then a graceful, and sometimes not so graceful, dance around the field ensues, with players trying to pick up, throw and rob the ball or ride opponents off the pitch. It's lots of fun, but does come with a warning: it is addictive!

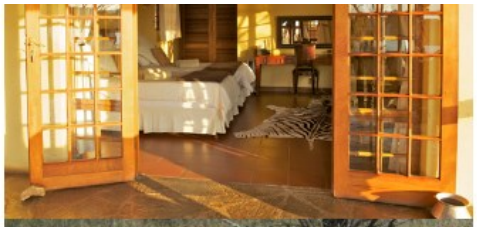

Cattle Work
Experience a morning of mustering and cutting some of the ranch's magnificent Bonsmara stud cattle, a non-aggressive breed adapted to local conditions. After bringing a herd in from pasture, take turns to move one cow or youngster away from the group. This activity pits you and your mount against the animal's herding instinct and will test your riding ability to the full. Follow the action with a refreshing swim with your horse.

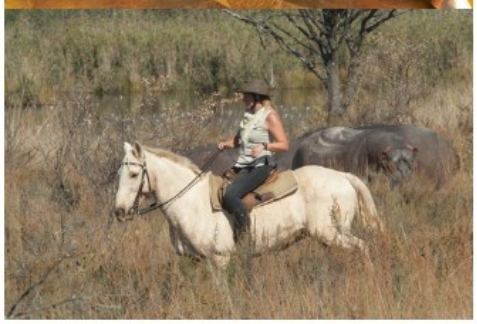

Western Games
A favourite with the children obviously, but also remarkably popular with most adults. Our team of guides run a Western games afternoon which is packed with fun exercises to test even the best of riders' skills: pole bending, barrel racing, thread the sword through the stirrup, find the marshmallow, musical horses, the list is endless.
It always make for a fun few hours in the saddle and again really brings out the team spirit in guests.

Swimming with your horse
If you've never done this before, it is a 'must do'. After a morning ride, you have the chance to take your horse swimming in the dam in front of the lodge. The horses do actually swim, not just paddle, which is an amazing feeling when you realize they are swimming underneath you. The motion is bit like an old fashioned horse merri-go-round carousel at a fair. It is the perfect way to cool off after a morning ride.

Non-Riding Activities ***(extra cost to be paid locally)***

Non riders are welcome on this trip. There are a number of non-riding activities on offer; sundowners, bush walks, game drive, elephant backed riding, fishing, cultural, historical and environmental aspects of the Waterberg can be explored. The Waterberg is also currently hosting a pack of endangered wild dog, which you can visit with the Endangered Wildlife Trust upon arrangement.
