*Equestrian Vacations
- on & with Hidden Trails*

About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Waterberg, South Africa

This riding safari captures all the best elements of riding in South Africa. Spread over eight days, the safari not only covers a great deal of riding (over 150 km on horseback through truly spectacular landscapes, with regular sightings of a wide range of wildlife species) but also fun activities such as splashy canters, swimming with horses, mustering the horses at dawn, playing polorosse and popping over a series of natural obstacles on the way to a spectacular sundowner spot.

Guests will typically enjoy two riding activities a day – generally a longer ride in the morning and either a shorter ride or fun riding activity in the afternoon. Over the course of the safari, riders will get to see all parts of the 15,000-acre reserve using carefully planned routes which take into account all the game hotspots and interesting natural features. Given the diverse habitats- from wide open plains to savannah, rocky outcrops, wetlands and dense forest-like habitats- you are sure to encounter a wider range of wild animals than usually seen even on a trip to some of the most famous national parks in Africa. Combined with the wide open spaces, variable topography and excellent going, this makes this Safari an unforgettable riding experience.

Accommodation

Accommodations

This is a wilderness ride, so nights will be spent in different locations.

Description

The safari allows guests to enjoy a range of accommodation types, from the Main Lodge perched on the edge of a gorgeous lake and surrounded by horses, to glamping under canvas at Camp Davidson high on an isolated ridge, to enjoying safari chic at one of the Bellevue Plains lodges (Savannah Lodge or Seringa Lodge) which look out over expansive plains filled with herds of wildlife.

There is a limited WiFi and cell service.

Accommodation Itinerary - subject to changes based on availability

Night 1 - 2: Main Lodge
Night 3: Savannah Lodge or Seringa Lodge
Night 4: Main Lodge
Night 5: Camp Davidson
Night 6 - 7: Main Lodge

Main Lodge

All rooms of the lodge are en suite with either a shower or bath or both facilities. There are 7 double rooms, separated from the main lodge and two double rooms in the main lodge. There is a large living area, dining room and large stoep (or verandah) for guests to enjoy. The lodge has a swimming pool alongside the lake.

Savannah Lodge

Located on the southwestern side of the conservancy, it is a tastefully decorated lodge with five en suite double rooms. The lodge has a large comfortable living space and dining areas inside and outside. There is a small pool and deck which overlooks a plain and watering hole close by where the wildlife frequent.

Camp Davidson

A re-creation of the original Camp Davidson has been built high in the bushveld above the Matlapeng valley. It offers the opportunity to explore on horseback from a secure base camp nestled in the heart of the wooded mountains and commands a wonderful panoramic view of the central highlands of the Waterberg range, while overlooking the picturesque Sunset Lake at the eastern boundary of the ranch property. Stay in decked canvas tents nestled amongst the sandstone ridges overlooking grassy valleys. Each luxury tent has an en-suite bathroom.

The camp is completely run on solar energy and has a small swimming pool.

Room Occupancy

Triple occupancy is usually possible at the lodges and at the camp.

Meals

All meals are included from lunch on Day 1 to lunch on your last day. Three sumptuous meals are served a day with afternoon tea before an afternoon ride.

Our food sways toward Mediterranean influences with an addition of iconic South African dishes. Breakfast is buffet of freshly baked bread, muffins, cereals, toast, porridge, eggs. Lunch is a buffet usually quiches, lasagna, babotie, salads, Freshly baked breads. Dinner is a 3 course meal.

All water served during the safari is filtered to the highest standards and is guaranteed perfectly safe for drinking. All drinks are included with your tour.

Dietary Restrictions

We can cater to dietary restrictions if given prior notice.

Riding

Pace

To cover the long distances of this safari and enjoy all riding activities, while maintaining the cohesiveness of the group, riders need to be of at least an intermediate level. Should the guides feel a guest is not able to ride at the correct standard for this safari, alternative rides from the lodge will be organised.

Guides & Safety

Guides leading the safari have many years' experience and most have grown up in the area and know the bush like the back of their hand. Our guides have either professional or assistant guiding licenses with the Botswana Qualifications Authority. They are qualified to use firearms and qualified in first aid.

All rides are conducted by two experienced professional guides. The lead guide is armed with a rifle and a bull whip. All management staff and guides do regular first aid training with a specialized doctor for remote areas. The lead guide has a local phone and a radio for use in emergencies.

Riding Groups

Rides are kept to a maximum of 8 riders (usually smaller groups) with two guides. Comparable abilities ride together.

Riding Gear

Hard hats are compulsory. We can provide helmets, but suggest that clients bring their own. We do not provide half chaps but might have the odd pair should clients need.

Horses

Our farm's string of over 100 horses have been carefully picked, bred, or nurtured over the years. Though there are Thoroughbreds, Arabs, Boerperds, Welsh ponies, and various crossbreds ranging from 11.2 - 17.2, the unifying factor is a wonderful temperament and a willing nature when ridden. The personalities in the herd are wide ranging, from gentle natured animals eager to please and offering confidence to those riders who are a little nervous, to competitive energetic rides challenging the rider to enjoy their ability. In all our horses, there is an independence and responsiveness that allows the rider to make the most of our outrides. Our safari horses have been hand selected for their endurance, courage and responsiveness.

Our philosophy has entailed managing our horses as a free roaming herd within large tracts of natural pasture, rather than in stables or paddocks. The horses live freely in the bush and come in at dawn for breakfast and

again in the afternoon.

Our horses are at ease with each other and within their environment, which generates calm and contented natures. As a result, we can offer our guests responsive, subtle and honest rides.

Our horses are mostly English schooled, so we highly recommend that Western riders have a course of lessons in English style prior to arrival.

Your horse will be groomed and saddled for you.

Children

Children under 16 please enquire. Strictly no under 12's.

Itinerary

Sample Itinerary - subject to changes

Species typically seen within the Waterberg include the following: giraffe, hippo, cape buffalo, eland, zebra, sable, roan, kudu, impala, waterbuck, red hartebeest, nyala, tsessebe, blue wildebeest, blesbuck, bushbuck, ostrich, baboon, vervet monkey, warthog and jackal. Occasionally seen are crocodile, brown hyena, serval, duiker, bush pig, steenbuck and reedbuck.

Day 1 (Sunday): Introductory Ride

Guests will be personally met at OR Tambo Airport in Johannesburg by Saddlebag Shuttles. The road trip up to the Lodge in the Waterberg Biosphere Reserve takes about three hours.

After a light lunch in the gardens of the Lodge, and later a sumptuous tea, guests will be introduced to their horses. The first ride is a gentle introduction to the reserve and an excellent opportunity for first encounters with species such as zebra, giraffe and hippo. The riding ranges from purposeful walking to easy cantering along sandy tracks and culminates with sundowner drinks on the open plains.

We take great care to match horse to rider based on a guest's riding experience and ability. Given that the first two nights of the safari are spent at the Main Lodge, the operational hub for our herd of close to 100 horses, there is ample time to ensure that the most suitable horse is available for the long days in the saddle over the last five days of the safari.

Meals included: Lunch & Dinner

Overnight at Main Lodge

Day 2 (Monday): Open plains, swimming with horses and game galore

The ride this morning is generally sporty. The route follows the centre of an open valley which is home to species such as kudu, sable, reedbuck, red hartebeest, waterbuck and impala. The sandy tracks make for excellent going, and the route crosses open grassland and weaves through dense woodland. After two hours in the saddle the ride pauses at a picturesque dam where riders are given the chance to have a break, a snack and experience the exhilaration of swimming on horseback. The dam is protected from crocodiles, which over recent years have quietly been increasing in number and is also the perfect size for swimming without taxing the horses.

After swimming, the ride is gentle and relaxed back to the lodge. Dark red pedigree cattle bred on the property are often encountered on this route. When conditions are suitable, the last stretch of the ride involves splashy canters along the edge of the lake adjacent to the Lodge. This is a great experience, but don't expect to remain dry in the process!

The afternoon ride heads east following the river past a series of dams (where encounters with hippo are likely) and returns across the open plains. At this time of day there is often much activity on the plains, with the herds mingling in the soft sunlight and different groups coming and going as they prepare for the night. It is a truly magical experience to be able to ride so close to these wild animals, which have become completely relaxed in the presence of the horses.

Meals included: Breakfast, Lunch & Dinner

Overnight at Main Lodge

Day 3 (Tuesday): Looking for Buffalo

An early start is needed for the long ride from the Main Lodge to either Savannah Lodge in the far south west of the reserve, or Seringa Lodge in the south east.

The first part of the route covers country that riders will now be somewhat familiar with, but soon enters new terrain. In places the bush is thick but after a while the scenery opens up to grasslands with sweeping views to the south and west. Riding through this landscape gives riders a sense of the vastness of the African plains. The area boasts a very high concentration of game with herds of over 300 blesbuck, or 80 eland, often sighted. Other species which are home to the plains include red hartebeest, tsessebe and ostrich. There are plentiful zebra, wildebeest, impala and giraffe, and smaller groups of sable, roan and waterbuck. The final stretch is along a wooded stream where kudu and bushbuck are likely to be seen.

After a relaxing time around the pool and within the sophisticated lodges, it is time to ride to the southern most areas of the reserve in search of Cape buffalo. These are members of Africa's famous "Big Five" and deserve their formidable reputation. Riders therefore need to be alert and responsive to the guides' instructions. This area is known for its spectacular sunsets as the sun sets over the distant headlands of the Waterberg escarpment – a fitting end to an eventful and memorable day in the African wilderness.

Meals included: Breakfast, Lunch & Dinner

Overnight at Savannah Lodge or Seringa Lodge

Day 4 (Wednesday): "Big Five"

Another long ride through game rich country returns riders to the Main Lodge. The route taken is different from that on the outward leg, turning this part of the safari into an exciting journey passing through diverse landscapes and ecosystems. Game species typically prefer different habitats, with nyala and bushbuck for instance occupying dense forest-like sections of the reserve while blesbuck and hartebeest stick to the open plains, and waterbuck and reedbuck, unsurprisingly, are normally seen close to streams and other waterways. The route provides excellent opportunities to see giraffe, which is always a highlight.

After more than five hours in the saddle, the afternoon activity is a game drive in the nearby Entabeni or Welgevonden game reserves (to be paid locally - weather dependent). Although this involves an hour or more of travel to reach these destinations, the opportunity to see lion, elephant and rhino in their natural environments make this excursion well worthwhile.

Meals included: Breakfast, Lunch & Dinner

Overnight at Main Lodge

Day 5 (Thursday): Bush breakfast and Camp Davidson

Horseback rides in a game reserve are always interesting because one never knows what animals will be encountered. The route on this day goes deep into the reserve to parts with a real wilderness quality. After about three hours in the saddle, riders arrive at a giant wild fig tree for a delicious bush breakfast prepared on an open fire. After this hearty meal, the route back to the lodge passes through a dense forest area where some of the shy species like to shelter.

That afternoon guests leave the Main Lodge and head towards Camp Davidson for an exciting night under canvas. The camp is perched high on a ridge overlooking a vast wilderness area to the east. This is not a long ride, but the route is exciting, following a narrow trail along the edge of the ridge. Wildlife often encountered in the area includes baboon, bushpig, kudu and klipspringer. Porcupines are frequent nocturnal visitors to the camp and leopard spoor outside the tents is not uncommon.

Meals included: Breakfast, Lunch & Dinner

Overnight at Camp Davidson

Day 6 (Friday) Sunset Lake, splashy canters and relaxation

Rates and Dates 2026 - IT-SASR06

Rates include: Accommodations (standard room for single occupancy / chalet for double occupancy), All meals with drinks, Activities as described in the itinerary & 7 riding days. Helmets can be provided
