About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Pyrenees, Spain

The Benasque Valley is nestled in the middle of the highest peaks of the Pyrenees.

We will ride along bridle paths and tracks, marveling at the spectacular and very varied scenery. The tour takes place in the Posets-Maladeta Natural Park, where the highest peak of the Pyrenees is found: the Aneto (3404m).

During the week, we ride through different altitudinal floors, giving us the opportunity to enjoy different landscapes: riparian vegetation, mixed forest, black pine forests, alpine meadows and the high mountain with its peaks, glaciers and perpetual snow.

Riding

Horses

Our horses live in a state of semi-freedom. They are used to walking through the mountains on difficult roads and crossing rivers. They are reliable and have stamina. They like to work outdoors and love people.

Riding Level

We ask riders to be in good physical conditions as we will spend about 6 hours in the saddle per day for 6 days in a row.

At some points, riders will have to lead their horse. Participants should have control of their horse and be used to riding outdoors.

The pace of our rides is dictated by the terrain. Most of the time we will go at a walk with some opportunities for trots when the terrain allows. At some point, we might be able to enjoy some canters.

Itinerary

Sample Itinerary - subject to changes

The horses will spend the night in the mountains and at the end of each stage and the riders will be picked up and transferred back to their hotel for the night (no more than 27km). These transfers are included in the price.
