About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Riding

Riding Experience

This trip has been designed for good intermediate to advanced riders only. We ask all riders to have a firm and balanced seat, had formal riding lessons to master the basic horse riding aids and skills, be confident and capable to control a fit and forward going horse at all paces (including long stretches of posting trot and gallops) in open, varied, sometimes challenging country and to be able to mount and dismount unassisted. For safety reasons we reserve the right to prevent a client from riding if we feel they do not fulfill any of the above competence levels.

Guests can offer to help with the horses and get their horse ready in the morning, saddle / unsaddle and wash & clean up the horse and tack, if they want (always supervised), but this is by no means compulsory or expected.

Pace

Except for the first riding day (2-3 hours), all day rides are 3 to 5 hours long. This is broken up by lunch (minimum 1 hour) and sometimes an extra refreshment stop. Horses are unsaddled for lunch. After each stop, riders lead the horses for a few minutes to loosen the horses' (and the riders') muscles before mounting. Ride pace is varied and moderate and allows fast canters and galloping.

On the hottest summer days, we start the rides very early in the morning and return early afternoon to spend the afternoons relaxing near the swimming pool. Ride pace is adjusted to weather and terrain conditions (slower pace in hot, humid and / or wet weather, slippery trails).

Horses

We have 9 thoroughbred Arabians. Their ages vary between 6 and 18 years old. They live outside in the herd year-round and are occasionally stabled in bad weather. The horses are schooled and well trained for long distance trail riding. They are forward going, spirited, responsive and in excellent condition. Some of the horses are suitable for intermediate riders and some are only for advanced riders. Every effort is made to match horse and rider.

Tack

Tack is of a very high standard and kept in good condition. All our saddles are American Western leather style. Small saddlebag to carry water bottle (supplied), personal items for the day, lunch on some days.

Weight Limit

Maximum weight is 85 kilos. Advanced riders up to 90 kilos will be considered depending on their height.

For the horses sake, it is important that you give us your accurate weight (even if you are not close to the weight limit) because of the size and light frame of our Arabian horses, the pace of our rides, the hot weather in summer and the partly steep terrain. We plan our groups carefully according to the rider abilities and weight so that it is suitable for the horses and more enjoyable for you!

Safety

Rides go into remote and isolated areas, with limited mobile phone reception and assistance from third parties not immediately available. The guide carries a special mobile phone for regional areas.

Riding helmets must be worn at all time while riding.

In case of severe weather warnings (severe rain or storms) and local bush fire danger we may be unable to go out riding due to safety concerns. We will try to arrange an alternative program for you whenever possible (Wine Tasting Tour, Jose Ignacio tour).

Insurance

International guests must have adequate medical and travel insurance.

Non-riders

Non-riders are accepted but it is recommended that they have a rental car to explore the area. They can sometimes travel with the support vehicle to the lunch spot.
