About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.
With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.
You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.
We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Central Spain, Spain
Join us on a special ride through the famous wine harvest area of Ribera del Duero in Castile.

During the 1990's the region developed into one of the best wine producers of Spain and now showcases some of the country's best wines. The area has 28.000 acres in grape production and is home to over 180 vineyards- over 8000 wine producers buy their grapes from this area! Our horseback tour allows you to explore its bountiful landscapes while you taste some of these classic and delicious wines.

The first two days of the program offer an intense nature experience. You cross parts of the Hoces del Río Duratón Natural Park. In addition to its beautiful nature, this park is notable for its archaeological and historical wealth.

The remaining four days of the ride follow the course of the Duratón river to its mouth, in the Duero. The river gave the Ribera del Duero region its name. This region, with its riverside areas, is part of the gently rolling Castilian plateau and has sandy soils, making it ideal for horseback riding.

In addition to riding, cultural experiences and culinary delights play a crucial role on this trip. Visit old monasteries and castles! Stop by the best bodegas (wine taverns and cellars) in the region, enjoy wine tastings and taste the typical regional specialties such as sheep's cheese and roast lamb!

Pace
The pace is moderate overall but it varies each day. One day in particular, includes some steep ascents, descents and narrow trails to negotiate; other days are on more open terrain, which allows faster riding.

Horses
We currently have around 20 horses, mainly locally Andalusian, Andalusian crosses and Spanish breeds. They average between 15hh and 16hh and are a forward going, responsive and thoroughly enjoyable ride. They are also good natured, nimble and sure-footed.
The stables where horses live are fully equipped and designed for the comfort and well-being of our horses.
