About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Kerry, Ireland

Ireland's beautiful wilderness, mysteries and brilliant shades of green make this land stand alone among earth's natural wonders as Ireland itself stands alone on the edge of the continent of Europe. Explore the highlands of Kerry with us, taking in the majestic MacGillycuddy Reeks, Ireland's highest mountain range. This ride covers a variety of terrain - country lanes, forests, mountain tracks, bogs and some of the beaches at Waterville and on to the magnificent 6.4km (4 miles) stretch of golden sand at Rossbeigh. The Iveragh Peninsula stretches south-west from Killarney and has many places of historic and archaeological interest along the world renowned Ring of Kerry.

A typical day starts, after a hearty breakfast after which the horses are presented to the riders, ready to go on their day's adventure. There is approximately five hours of riding time to explore the bountiful green landscape per day with a lunch break in the middle. At the end of the day, the horses are handed over to the groom and the riders are transported to their bed & breakfast for the evening. You then have your evenings free to explore the nearby towns of the area. Two of the towns we visit are small seaside resorts and three nights are spent in Killarney, a tourist haven of shopping, restaurants and pubs with lively and traditional Irish music. Riders and guides meet on the Saturday to get to know each other and on Sunday we will start our trek to the Ring of Kerry and up into the mountains. One high-lighted destination is Lake Caragh, to which we ride to through a vibrant landscape with rogue cloud formations roaming overhead, which bathe the hillside in intermittent splashes of sunlight, forming a strange halo over the valley. Crayola Crayons, in their box of 500 colors, has yet to capture all the shades of green featured in Ireland's countryside....The trail is led at all times by an experienced guide(s) and we are happy to take special care of any nervous or timid riders. Accommodations are in Killarney, Glenbeigh and Waterville. Luggage is transferred by vehicle to each accommodation.

Riding

Rider Requirements

We require that all riders participating are able to walk, trot and canter competently in an English saddle. We advise western riders to take some English Style lessons before participating on this trip in order to familiarize themselves with English tack and style of riding.

Stables & Horses

Approved by the Irish Tourist Board and the Association of Irish Riding Establishments, the Stables are home to some 70 horses who have been pampered even more than usual with the recent completion of new stabling constructed to the very highest standards. The reliable and friendly horses are a mix of Irish breeds and there is an equine partner suitable for everyone!

Tack

All horses have English saddles and bridles. The saddles we predominantly use are the 'Swiss Ranger' saddle, made by Peter August Spirig (Switzerland). These saddles are designed for comfort for the long distance rider and their horse. So extra gel pads etc. are not necessary, but if riders wish to bring them, they are more than welcome!

Safety Instructions

At all times the trail is accompanied by an experienced guide and special care is taken of nervous riders. Please, listen to our guides instructions and respect them. Also, feel free to ask for clarification if you do not understand any instruction from your guide.

Trail riding involves long and hard hours on both horses and riders, so it is up to the guide to dictate the pace and at no time is anyone allowed to by-pass the leader or set the pace. Any person behaving in a manner deemed likely to cause an accident or disregarding the instructions of the guide(s) will be removed from the ride, please take heed! Do not hold your horse back so you can trot/cantern or gallop to catch up to the rest of the group.

The first Celtic invaders are reputed to have landed in Ballinskelligs Bay, coming ashore near Waterville. Killarney

Renowned for its beauty, famed for the splendor of its scenery, Killarney is one of the world's best loved tourist spots.

Killarney (Cill Airne - The Church of Sloes) became a magnificent town about 1750 when the local magnate, Lord Kenmare, developed the tourist business and four major roads were built to the outside world. The earea still bears the marks of a group of houses huddled outside the demesne walls. The present population is about 9000 and the main economic base is tourism.

Situated in the south-western corner of Ireland, with its three famous lakes reflecting the ever changing skies above the great mountain ranges, Killarney has been the inspiration of poets and painters for many centuries, and now it is also a thriving commercial and tourist centre. Killarney offers a wide and varied range of hotels from the large and luxurious to the small and intimate. There are some excellent guesthouses, cozy farmhouses, friendly town and country homes, with self-catering accommodation in the most attractive locations with a total capacity to cater for almost 6,000 visitors.

It is the ideal playground for the sporting enthusiast - you can fish, swim, golf, play tennis, ride a horse or pony, paddle a canoe, or climb a mountain. For those interested in history and archaeology there are many outstanding items of interest to be seen.

The three main lakes of Killarney occupy a broad valley stretching south between the mountains, the three lakes and the mountains that surround them are all within the Killarney National Park. Nearest the town is the lower lake (Lough Leane) studded with islands and having on its eastern shore the historic Muckross Abbey and Ross Castle. The wooded peninsula of Muckross separates the lower lake from the middle lake sometimes called Muckross Lake.

At the tip of the Muckross Peninsula is the quaint Brickeen bridge and Dinis Island further on with its sub-tropical vegetation and views of the Meeting of the Waters. A narrow straight called the Long Range leads to the island - studded upper lake. Around these islands are luxurious woods of oak, arbutus, holly and mountain ash, while beneath grows a profusion of fern and other plants. Added to the beauty of the three main lakes are many other lakes in the folds of the mountains, and thenumerous picturesque cascades such as Torc Waterfall. Rising to the west of the Killarney valley are the peaks of the MacGillicuddy's Reeks. These mountains beloved of the climber including Carrauntohil 3414 feet (1,050 metres), the highest peak in Ireland.
