## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

Burgundy, France

Adventure, relaxation, strong emotions, sensations and gastronomy will make this week an unforgettable trip. This is a very fast-paced ride, quite different from the other riding tours in France.

The "Morvan" - an island in the heart of Burgundy - became a natural reserve thanks to the efforts of the community. The Morvan is a green area in the center of the Burgundy region that will astonish you due to the diversity of landscapes and the uncountable miles of unpaved country roads, perfectly suited for a riding tour. Known for its rolling hills, large forests, rivers, lakes and characteristic villages. Uncountable trails lead through this lovely landscape, revealing new views after every turn. The warm-hearted inhabitants of the villages, whose hospitality is almost indescribable, make the Morvan a unique place to rest body and soul.

Daily 30 to 40 mile journeys with long and frequent canters, abrupt down hill passages and lakes will be the joy of sporty outdoors riders. Lovers of history will not be disappointed either. This region is a green desert, far away from busy highways and, a long time ago, crossed by migrating helvets. Julius Cesar and Vercingétorix fought their war in this region. Bibraete witnessed the times of the Celt civilization in Europe. Bernard de Clervaux preached at Vézelay during his second crusade. We honor the memory of Vauban when we cross his tomb and we will remember the times when wood used to float down the rivers Cure and Yonne towards Paris.

## Riding

### Horses

We know that the key to a horse trip is the horses. That is why we have chosen and bred our own. They are all born in the Morvan region and they have lived all their life in the same region. They are calm, well in their heads but when need be or when requested, they are fast and generous. They are capable of anything, they will surprise you and they will allow you to experience a unique riding trip.

### Pace

We will cover about 30 to 40 mile journeys every day with long and frequent canters and, at times, abrupt downhill sections.

### Riding Experience

This is one of the fastest paced rides in Europe - please only advanced riders should sign up! Riders need to be confident and in control at all paces on varied terrains. They also need to be physically fit, as this is a demanding ride.

We reach the northern border of the nature park where the scenery opens up considerably with meadows and fields.
