## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

#### Meals

All meals are included from dinner on Day 1 to breakfast on Day 7.

The meals on this trip represent the great delights of the Catalan cuisine and include some spectacular local wines! Catalonia produces an extraordinary variety of foodstuffs: wild mushrooms and game from the Pyrenees, the trinity of olives, grapes and wheat from the hilly heartland, all manner of fruits, vegetables and nuts from the irrigated lowlands, rice and fish from the river deltas and a great variety of fish and shellfish from Catalonia's 500 km of coastline.

Lunches will vary, sometimes you start early and return in time for lunch or you will picnic along the way.

#### Dietary Restrictions

We can cater to dietary restrictions if given prior notice.

#### Riding

#### Tack

The tack is English and trekking style and most horses are ridden in snaffles. Saddle bags are provided to carry items required during the day and for picnic lunches.

#### Horses

The horses used are well schooled Spanish, Hispano-Arabians, Arabians, Anglo-Arabian, and Quarter horses. They have all been carefully chosen and most are between 14.2hh (150cm) and 16hh (165cm) and are of a medium build. They are sure-footed, fit, forward going, responsive to ride and well adapted to the requirements of the sometimes rough terrain.

The horses are all trained using natural horsemanship techniques, which helps to create an enthusiastic, good natured horse that is keen to collaborate with its rider, and really enjoys its work.

A great deal of time has been spent selecting and training the horses for these trekking routes. Not too boisterous to be difficult for lower level riders, yet with enough spark to make an enjoyable ride to experienced riders. The horses live outside all the year round in a herd to help to create a psychologically balanced animal well adapted to the necessities of trail riding and group riding. The herd of horses naturally adapts well to the rhythm of a trail ride, traveling up to 30km a day from place to place as a wild herd would do when looking for food and water.

#### Pace

There are many opportunities for long gallops, canters and trots. On average, we spend 6-8 hours in the saddle per day, covering 20-40 km daily. We will be riding for 5 days.

#### Guides

The main guide will be Xavi, an experienced and talented rider, always accompanied by an English speaking back up guide.
