## About Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love horses and adventure activities. We have been involved with riding and other outdoor vacations for over 20 years.

With our partners Voyage du Cheval (France), Pegasus (Germany) as well as Equitour (Switzerland and France) we have collected the best riding destinations all over the world in some hidden places we would like to share with you.

These rides are about galloping on endless beaches, forging rivers, cantering through forests, trotting along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for horses has no boundaries but possesses a common language we all speak and understand. The majority of the overseas rides are from inn to inn, some from castle to castle and a few are camping rides.

You will experience new countries and their customs and make new friends. The Hidden Trails trips are the best you can find.

They have been tested by our staff or associates and received our stamp of approval. If you are considering a special riding vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

Central, Albania

This program is designed for nature enthusiasts who want to take intensive basic riding lessons and discover Albania.

Based in the village "Asim Zeneli" near Gjirokastrë in the South of Albania, the program was created to give the opportunity to beginner riders to improve their skills while getting to know this part of Albania from a local perspective. During your stay, you will gain knowledge about riding in nature that will enable you to undertake short journeys on horseback anywhere in the world.

Your instructor has many years of experience, teaching in several countries and a natural approach to horse and rider training techniques.

The program is based on the Parelli method but adapted to the English style of riding. The program respects the health and character of the Albanian horse and aims to create a personalized relationship between the horse and the rider.

In addition to riding, the program offers opportunities to learn about local life: helping the staff at the horse stable (if desired), participating in the daily activities of the host family, interacting with the villagers,...

The program also includes quiet times for other activities such as bathing in the river, hiking, visiting archaeological sites and a lot of free time to meditate, read or attend art classes.

Welcome to the exciting and immersive equestrian adventure of a lifetime! Get ready to embark on a week-long journey filled with thrilling horseback riding experiences, cultural explorations, and delicious culinary delights.

## Riding

## Horses

The horses used for this ride are locally bred and ideal for the terrain. They are small but very robust and surefooted Albanian horses (between 13 and 14.2 hands). The Albanian horse, a unique mountain breed that is a local mixture of the archaic Tarpan and medieval Arab horse. They are great climbers, have a clear mind and are surefooted. Our breeding program aims to help saving this declining breed of horses. Our stable include 38 horses and is situated amidst scenic hills, green valleys, surrounded by high mountains. Our horses are trained with natural horsemanship techniques that we are pleased to share with the guests.

## Instructor

Alexa is an American riding instructor who decided to settle in Albania a few years ago. She has a lot of experience teaching horseback riding in several riding schools around the world.

## Itinerary

### Day 1: Arrival

Upon your arrival at Tirana airport, ideally in the morning but no later than 14:00, our team will greet you and transport you to Gjirokastra, a journey of approximately three hours. Settle into your hotel, conveniently located a short walk from the historic center of Gjirokastra. Before dinner, take your own tour through the town, exploring the old Bazaar, Gjirokastra Castle, the Church of the Old Bazaar, the Mosque of the Bazaar, and Skenduli House, offering a glimpse into traditional life in Gjirokastra. Enjoy a traditional dinner at a local restaurant, where our guides will discuss the program, itinerary, answer any questions, provide advice, and offer valuable insights.

### Day 2: Getting Acquainted with Horses Morning Session

Participants will familiarize themselves with horses and receive lessons in ground handling, including exercises on maintaining safe distances, grooming, harnessing, feeding, and understanding equine behavior.

Lunch will be served in a village restaurant.

The afternoon session will focus on basic riding positions, balance exercises in the arena, and overall skill reinforcement.

In the evening, participants can opt for a rural village experience or spend time with family on the veranda. Friends are welcome to join cooking sessions and assist with other tasks. An optional visit to the horse stables is available if willing to walk 15 minutes one way to the stables.

### Day 3: Independent Horse Preparation and Nature Ride Testing Morning Session

Lunch will be served at a local village restaurant.

The afternoon session will include basic knowledge tests on the track and guided horseback riding in nature, focusing on safety measures, risk management, and using reins in outdoor settings.

Dinner will be served at the guesthouse, where you'll enjoy a traditional meal prepared by the hosts.

### Day 4: Trotting Preparation and Riding in Nature Morning Session

Revisit all lessons learned so far and prepare for trotting on the track. Morning concentration will be paramount as participants practice trotting techniques in the arena and apply them briefly in outdoor settings. Lunch options will be served at a local restaurant.

After lunch, there will be further trotting practice on the track, horse leading downhill followed by a session on uphill riding positions.

You will have dinner at the guesthouse, where you can enjoy a comforting meal to end the day.

### Day 5: Mastery Trek to Cini Lake (one session)

The day kicks off with the familiar routine of preparing the horses.

Now, it's time for the real challenge—a trek to Cini Lake.

With the horses saddled and ready, riders take a moment to mentally review the lessons of the past days. Mounting your steeds, you set off for the morning session—a series of advanced trotting exercises designed to push your limits.

Throughout the ride in nature through hills, valleys and pastoral life the instructors provide guidance and feedback, fine-tuning techniques and addressing any lingering questions. Riding in pairs fosters camaraderie and teamwork, reinforcing the bond between rider and horse.

It's a journey that will test your mettle, but also a chance to forge memories that will last for long.

After accommodating the horses back in stable lunch will continue and also free afternoon and evening for

different activities. Dinner again with the host family.

The afternoon the session will be out in nature going through the very diverse landscape of Gjinofshat hills possible to test all the lessons so far.

Optional activities during break times may include relaxation, stable work, or village exploration.

**Day 7: Final Test and Lake Adventure (one session)**

This last day is the culmination of a week-long journey, a day awaited with equal parts excitement and trepidation. The morning unfolds with purpose as riders gather in the arena, their steeds poised and ready for the ultimate challenge. You embark on a comprehensive skills test—a culmination of all you've learned throughout your equestrian odyssey.

Under the guidance of experienced instructors, participants navigate through a series of exercises, each one designed to assess their proficiency in the saddle. From precision maneuvers to fluid transitions, every aspect of your riding ability is put to the test.

You will mount your trusty companions once more, ready to embark on the final leg of the journey—a scenic trek to Qestorati Lake. Along the way, you'll pass by the imposing castle of Santa Triada, its ancient walls standing as a silent testament to the region's storied past.

The journey will also take you through the charming village of Dhoksat, where time seems to stand still amidst cobblestone streets and rustic buildings.

And so, as you set off into the unknown, guided by the gentle rhythm of hoofbeats and the whisper of the wind, you carry with you the memories of a week filled with laughter, learning, and the timeless bond between horse and rider the foundation of a new passion.
