## About Hidden Trails

Explore the World on & with Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love the outdoors and adventure activities. We have been involved with outdoor vacations for over 20 years. We have collected the best outdoor vacation destinations all over the world in some hidden places we would like to share with you.

These vacations are about forging rivers, biking along canals and through forests, hiking along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for the outdoors has no boundaries but possesses a common language we all speak and understand.

You will experience new countries and their customs and make new friends.

These trips have been tested by our staff or associates and received our stamp of approval. If you are considering a special outdoor vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

Mashatu, Botswana

Allow the noble spirit of the horse to carry you on an amazing wildlife safari journey in Botswana; listen as your hoofbeats fall in the rhythm of the Africa!

This journey embraces the true definition of a safari: an expedition to observe animals in their natural habitat. From horseback, the beauty of the African topography, fauna and flora will unfurl, and be complimented by a touch of classic safari luxury: hot showers, mouth-watering food, and memorable camps.

This spectacular horse safari is in the remote Tuli Block of the south-eastern corner of Botswana; home to the impressive Mashatu Game Reserve, the "Land of the Giants" is an area of great diversity, magnificent vistas, unique land formations, wondrous history and legends as ancient as time itself. It is the home to seven of Africa's heralded "Giants": the African elephant, the lion, giraffe, the baobab tree, the eland, the ostrich, and the kori bustard. Each safari is an experience of a lifetime! Here you are surrounded by exotic flora and fauna and bordered by the majestic Limpopo River, guided and befriended by expert horseback guides and jeep rangers. Imagine being enveloped in the wild African bush, falling sleep in tents under the mighty baobab (Mashatu) trees while the lions and hyena serenade you under the starry night sky, waking again to retake your position in the saddle for the ultimate safari vantage point.

As the wildlife in this area is not seasonal, wonderful game viewing experiences are possible throughout the year.

Running throughout the year, this safari is a seven-night adventure that covers a distance of over 120 miles. Traversing the Mopane savanna and stunning river valleys, with accommodation in three unique and beautiful camps, each with distinct design and character.

## Accommodation

### Accommodations

This is a wilderness ride, so nights will be spent in a mixture of lodges and camps.

### Description

A laundry service is offered twice a week from either Tree Camp or Two Mashatus and may not be a 24 hour turn around.

We have electricity at the stables and can return batteries to be charged within 24 hours.

New for 2026 season: all three camps in Botswana now have electric lighting and charging points. Two Mashatus has a charging point in each tent and Tree Camp and The Kgotta have one central area charging station in each camp.

### Accommodation for Special Itinerary - subject to changes

Night 1: Two Mashatus Camp  
Night 2: Tree Camp  
Night 3,4 & 5: Kgotta  
Night 6: Tree Camp  
Night 7: Two Mashatus Camp

**Two Mashatus Camp**

Nestled in the shade of a Mashatu tree with two traditionally built Lala palm rondavel dining and lounge areas. Accommodation is in big A-frame walk-in tents pitched on teak platforms with en-suite bathrooms. Each tent is private and positioned in the shade of a tree with a small deck area in front on which to relax during the afternoons. There is also a pool onsite.

**Tree Camp**

This is a very unique camp. Nestled in the bough of a giant Mashatu tree and two ancient Leadwood trees, this Seligna deck, 4 meters off the ground, will be your retreat for the night. Two guests each share an airy and cool sleeping pod. Along a short walkway, shared showers and toilets are under the Leadwood trees. The spacious dining and lounge area flow from the sleeping pods and overlook the Majale River.

**The Kgotla**

The Kgotla is an old tribal court from a nearby community, which was relocated to the banks of the Motloutse River on the western periphery of Mashatu. The boma is an open-air traditional African enclosure made up of a circle of Leadwood logs. The camp has hot running water, beautiful open-air showers and flushing toilets (shared): the perfect combination for comfort and an authentic bush experience. Guests sleep on single beds around a large log fire in the center of the enclosure.

**Room Occupancy**

Triple occupancy is possible, however it may be a bit of a squeeze. If you are willing to share, the single supplement fee does not apply.

### Meals

All meals are included in this trip and 2 highly trained experienced bush chefs will look after your every need.

Breakfast is buffet of cereals, toast, fruit yoghurt and an egg or other dish (omelets or pancakes or muffins or porridge).

Lunch is a buffet of quiches, salads, and home made breads.

Dinner is a 3 course meal served to you at the table, often under the canopy of stars! Vegetarians and other special diets are catered for; please inform us of any special dietary requirements.

Drinks included in the rate feature beers, ciders, local wines and spirits such as Gin. If you have a preference for a cognac or an aged whiskey we would suggest to bring a bottle with you.

All water in the camp is filtered to the highest standards and is guaranteed perfectly safe for drinking.

### Dietary Restrictions

Please also advise us if any guests will be celebrating a birthday or special occasion, that you may want us to be aware of to help plan something special!

### Riding

### Riding Experience

Guests must be experienced riders. They must ride regularly (at least once or twice a week) and be comfortable at a canter and gallop as well as being able to do small jumps should they have to. Ability to jump natural obstacle, a benefit, but not essential as can be ridden around. We ask riders to be able to take a light seat at canter.

Before each safari, every rider will take a short riding test to ensure they are competent enough for the safari, and fall into the above guideline. The decision of the manager conducting the test is final.

Our horses are mostly English schooled, so we highly recommend that Western riders have a course of lessons in English style prior to arrival.

### Pace & Riding Terrain

We cover approximately 120 miles over the course of the week (6 riding days). Long extended canters are a feature of the safari. We cover about 20-30 km daily and spend up to 5.5 hours in the saddle per day.

We will enjoy exploring the differing topography of the area: open bush, wooded riverine areas, wetlands, and strange rock formations home to large baobabs.

### Horses

We have a stable of 70 well cared for horses, with something to suit everyone including warmbloods, boerperders, and other cross breeds, ranging from 15 to 17 hands.

Our safari horses have been hand selected for their endurance, courage and responsiveness.

Our philosophy has entailed managing our horses as a free roaming herd within large tracts of natural pasture, rather than in stables or paddocks. Our horses are at ease with each other and within their environment, which generates calm and contented natures. As a result, we can offer our guests responsive, subtle and honest rides.

### Tack

Saddles are South African McClellan's a military saddle designed for long hours in the saddle. They offer particular comfort and airflow for the horses back and padded seats and fenders for the riders comfort.

#### Weight Limit

No proper weight limit but please inquire if over 95 kg.

#### Guides & Safety

Guides leading the safari have many years' experience and most have grown up in the area and know the bush like the back of their hand. Our guides have either professional or assistant guiding licenses with the Botswana Qualifications Authority. They are qualified to use firearms and qualified in first aid.

All rides are conducted by 2 experienced professional guides. The lead guide is armed with a rifle and a bull whip. All management staff and guides do regular first aid training with a specialized doctor for remote areas. The lead guide has a local phone and a radio for use in emergencies.

#### Hard Hats

They are compulsory. Please bring your own well-fitting hard hat.

#### Children

Children under 16 please enquire. Strictly no under 12's.

#### Non-Riders

Non-riders are welcome on this trip. We can provide guides for walking safaris. It is also possible to follow the same itinerary as the riders by bike (the route will be different) for the same pricing as riders. A relaxed bike ride could cover 15- 25km in the morning and more advanced cyclists could cover up to 40km per day. The pace is generally easy going with regular game sightings, and a scenic picnic stop with an option to opt out of the ride at the mid-morning break if preferred.

### Itinerary

#### Sample Itinerary for "Tuli 1" - subject to changes

Please note that this is only an example as is subject to change, due to weather or other logistics.

Game drives in the Kgotta Area are included. However the Game Drive with the Mashatu guides in the centre of the reserve need to be paid extra and are subject to availability.

Wildlife that can be seen during the safari include elephant, lion, leopard cheetah, hyena and plains game.

#### Day 1 (Saturday): Arrival

Pick up from the airport and short transfer to the reception area overlooking the Limpopo river, in time for a light lunch.

Enjoy an introductory ride to check you are suited to your horse, before embarking on your first ride out to our Two Mashatus Camp. This will be your first opportunity to experience the beauty of the Mashatu Game Reserve and view the wildlife on horseback. Mashatu Game Reserve is home to the largest herd of wild free-roaming elephants on private land in Africa, and, although not a guarantee, it is almost assured that there will be great viewing of these incredible creatures.

As evening falls at Two Mashatu Camp, relax in the cool of the thatched rondavel lounge and dining areas, before enjoying a three-course dinner and getting to know your fellow adventurers for the next seven days.

*Meals included: Lunch & Dinner*

*Overnight at Two Mashatus Camp*

#### Day 2 (Sunday): Two Mashatus to Tree Camp

Sunrise, the dawn chorus and tea or coffee which is brought to your tent, sounds the start of your first day. After breakfast, it's time to mount and depart from the dense woodland that hugs the Limpopo River, and head towards the rocky hills that delineate the edges of the great river valley. As the ride traverses the heartland of Mashatu, you will encounter plentiful game: plains game, many giraffe and herd of elephants.

Having meandered across the hills with vast views back towards South Africa, the ride arrives at Tree Camp in time for lunch. Overlooking the Majale river, it is possible to watch the wildlife from above, coming down to drink at the river.

That afternoon choose a ride or enjoy your first bush walk exploring the area along the West of the Matabole River returning to Tree Camp for sundowners.

*Meals included: Breakfast, Lunch & Dinner*

*Overnight at Tree Camp*

#### Day 3 (Monday): Tree Camp to the Kgotta

The safari passes through the center of Mashatu to the ancient rock formations synonymous with the Limpopo Valley. Giant Baobab trees continue to scatter the landscape as they have for centuries and ancient elephant trails make for wonderful tracks for long canters through open bush veld. Whilst riding alongside the banks of the Mottoutse River, discover the old Leadwood 'Kgotta' (or enclosure used for the traditional law court of a Botswana village). This open-air enclosure forms the perfect, secure camp for the night.

In the afternoon, we search for the area's resident lions on a game drive and draw the day's adventures to a close with sundowners at the ancient "Amphitheatre" rocks. Back at the Kgotta, dinner is enjoyed around a large log fire. The night is spent with a ceiling of stars and Africa's nighttime melody to sing you to sleep; a veraciously rare experience which is just about as far away from city life and the modern world as anyone can imagine.

*Meals included: Breakfast, Lunch & Dinner*

*Overnight at The Kgotta*

#### Day 4 (Tuesday): Ride around The Kgotta

The sandstone formations, including the famed Solomon's Wall, one of the numerous dolomite dykes in the area, are explored on horseback. Some of the oldest civilizations in southern Africa settled in this valley. Archaeological

are explored on horseback. Some of the oldest civilizations in Southern Africa settled in this valley. Archaeological evidence in the area includes middle and late stone age tools, rock art and the legendary Mapungubwe Dynasty. Mapungubwe means "Place of the Jackal" in the Venda language and this dynasty existed around 1220 AD. The Mapungubwe topography itself is ancient and timeless, and combined with marvelous wildlife sightings, it makes for an incredible riding experience. This afternoon enjoy a short drive to the Mmamagwa Hills.

For the most visually stunning and ethereal sundowner, we visit the Mmamagwa Hills. A short climb up the sandstone ridge, brings us to the site of the Mmamagwa Ruins, which is of a similar period to Mapungubwe (13th century). To date these ruins have not been excavated and have been left alone. It is conceivable that similar treasures to those found at Mapungubwe (for example the golden rhino) could be buried here. After a short climb, enjoy sundowners beneath a beautiful baobab tree with a breath-taking view of the area.

*Meals included: Breakfast, Lunch & Dinner  
Overnight at The Kgotla*

**Day 5 (Wednesday): The Kgotla to Tree Camp**

Wind up Elephant Valley along ancient trails stamped into the soil by centuries of migrating elephants, before heading north towards upper reaches of the Majale River. This area is peppered with enormous baobab trees and is one of the more remote areas of the reserve.

After an exhilarating ride through this timeless countryside, enjoy a relaxing lunch at Tree Camp.

An afternoon ride, a bush walk or, subject to availability, a game drive to enjoy the central area of the reserve.

*Meals included: Breakfast, Lunch & Dinner  
Overnight at Tree Camp*

**Day 6 (Thursday): Tree Camp to Two Mashatus**

Today's riding promises great game viewing from horseback as we explore the Pitsane River Valley. Drinking holes, dug by elephants along the course of the Pitsane, attract thirsty herds of game. An area, where history has it, there was a skirmish during the Boer war which destroyed Bryce's Store, an old British supply post. There was a stagecoach line, called Zeederberg's, that ran from the towns of the Transvaal in South Africa to the newly forged settlements of Southern Rhodesia, now Zimbabwe. Those coaches crossed the broad Limpopo and followed the Pitsane River into Zimbabwe.

The ride returns to the Two Mashatu Camp in time for lunch and a cooling swim in the pool. A guided bush walk to one of the nearby koppies for sundowners is the afternoon excursion.

*Meals included: Breakfast, Lunch & Dinner  
Overnight at Two Mashatus Camp*

**Day 7 (Friday): Pitsane River Valley Ride**

Our ride today meanders its way through the beautiful plains between the Majale and Pitsane rivers, with abundant game and spectacular views into the Limpopo River Valley.

En route, we explore the remains of an old Boer War fort on a rocky outcrop, followed by a ride down into the cooler wetland area where plentiful game enjoy the lush grasses. In the summer months, rain and water dependent, it can be possible to enjoy cantering through the shallows of the Limpopo River. There is time to relax in camp, before either an afternoon ride or bush walk for your last African sundowner.

*Meals included: Breakfast, Lunch & Dinner  
Overnight at Two Mashatus Camp*

**Day 8 (Saturday): Departure**

Your last ride in the Limpopo valley is a great opportunity to snap one last picture of elephants and a long and winding canter through the scattered Mustard bush with your guides. Arriving back at the stables with plenty time to enjoy a hot shower and a tasty brunch you get to say farewell to safari companions and newfound friends, it's time for your onward journey.

*Meals included: Brunch*

**Day 2 (Tuesday): Two Mashatus to Tree Camp**

The first full day of riding crosses the game rich areas of the central reserve. Following breakfast at dawn, riders set off first along the Majali and then the Mataboli rivers in a north western arc towards the beautifully appointed Tree Camp. The route typically yields rich encounters with elephant, waterbuck, giraffe, impala, wildebeest and zebra. Signs of the many predators that make these rich riverine environments their home are bountiful, and chance encounters possible. The ride typically takes between four and five hours, and riders start to form a true bond with their individual mounts. The trappings of modern living begin to fall away as the sense of adventure and journey deepens.

Tree Camp will be reached in time for a refreshing shower and lunch. After a welcome rest in the comfort of the camp, nestled in the cooling shade of the majestic Mashatu Tree, a hearty tea will be served. This is followed by a guided bush walk up the Majali River in search of crocodile and other game. Kudu, warthog, klipspringer and eland are all present in the area around the camp, as are elephant, lion and hyena. Waterfowl fly low past the camp and birdsong abounds. This is a truly beautiful place and it is impossible not to immerse oneself in nature and experience the exceptional qualities of Africa's wilderness areas.
