About Hidden Trails

Explore the World on & with Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love the outdoors and adventure activities. We have been involved with outdoor vacations for over 20 years. We have collected the best outdoor vacation destinations all over the world in some hidden places we would like to share with you.

These vacations are about forging rivers, biking along canals and through forests, hiking along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for the outdoors has no boundaries but possesses a common language we all speak and understand.

You will experience new countries and their customs and make new friends.

These trips have been tested by our staff or associates and received our stamp of approval. If you are considering a special outdoor vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream. We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Ride & Cycle in Lazio

Introduction

Lazio, Italy
Enjoy a fantastic holiday riding or cycling between Lazio, Umbria and Tuscany.

You will be accommodated in a castle, in the center of one of the least inhabited areas in Italy. This is an ideal place for fantastic excursions in the unspoiled countryside made up of lakes, castles and Renaissance palaces. The region has no traffic and incredible sceneries to frame your ride.

Accommodation

Accommodations

This is a stationary ride, so you will be staying in the same location during the trip.

Description

Just below the castle stands a handsome 18th Century farmhouse, the original centre of the estate's farming activities. The farmhouse has been skillfully converted with careful attention to conserving authenticity together with comfort and privacy, in a pleasant combination with communal living. The large farm now contains eight charming apartments and 14 double bedrooms (no twin rooms available) furnished with original pieces and all equipped with private bathroom and free Wi-Fi access.

The ground floor of the farm house opens onto the main terrace, which overlooks the swimming pool. On the ground floor there is a large "taverna" with brick vaulted ceilings. The space is divided into three main areas: dining room, billiard room, ping-pong room, plus a large kitchen available for all the guests and equipped for cooking courses.

We also have a washer and dryer that guests can use for a small fee.

The outdoor pool is open from June 1st to September 30th. There is a tennis court as well as Volleyball courts, mini football pitch, and Jacuzzi on site.

Room Occupancy

If we are unable to find another rider to share the room with you, a single supplement fee applied. Single room accommodations are subject to availability.

Meals

All meals are included for this trip.

We prepare local traditional food, like lasagna, handmade pasta with ragù, roll meats. Dinners will be served either in local restaurants or at the castle estate.

Some wine is included with lunch and dinner.

Dietary Restrictions

We can cater to all dietary restrictions with prior notice.

Riding

Riding

This trip can suite all riding levels from low intermediate to experts. Excursions in the countryside on medium / long distances require rider's ability to control the horse at the three gaits, including canter. The overall pace of the ride is moderate with trots and canters.

Horses

Our horses have been selected for their attitude and breed. We have 20 horses at the moment that come from a wide range of breeds including: Italian Maremmano and Murgese, German, Dutch, French, Anglo Arab and cross breeds. They are our most important partners that we take a lot of pride in.

Most of the year, they live outside in the large paddocks with shelters. We also have a stables area with boxes and comfortable shelter when the weather is bad or the horses are ill and need to recover.

Around the castle, there are 100 hectares of green, sheltered fields where the horses are left free to graze. They definitely lead a good life.

We do our best to choose the best horse for our guest according to their level.

Riding Equipment

Helmets and body protectors of different sizes are available for our guests so that they can ride safely.

Some boots of different sizes are provided but if you have your own boots and helmets it is advisable to bring your own.

All guests MUST wear a helmet!

Facilities

Two large sand arenas are available for our guests to test their skills. The ground is made of volcanic sand, typical of the area. One arena is used mainly for the flat work and the other larger arena is used for show jumping. The flatwork arena is also lit with floodlights. At the opposite side of the castle we have created a 2.000 m cross-country course with beautiful wooden jumps and soft reliable ground.

Staff

Antonio is an ENGEA equestrian guide as well as the owner of the estate. He has several years of experience, riding, training and keeping horses in the countryside. He believes that the new methods of training such as Monty Roberts' and Pat Parelli have improved enormously the relation between humans and horses and our horses are benefiting from that. His knowledge of the trails of the area as well as his passion for horses and for this place will make your trip really special.

Kylie is our Kiwi guide and instructor. She has been riding all her life. After graduating university, she decided to combine her love of horses with her passion for travel and became a horse trekking guide in various countries including Australia, England, Greece, Chile, Egypt and Spain.

Insurance

Insurance covering horse riding accidents is mandatory. You have to tell the booking office in advance if you are

uninsured. If you have no insurance, please consider that we need at least a 48 hours' notice for activating one for you.

Day 3 (Monday): Mezzano Lake

Cycling: You can choose between 2 routes of approx. 30-50 km. After climbing the wooded hills of the Selva di Onano we head towards Tuscany following a scenic gravel road to approach the lake from the North West side. All around us is fantastic unspoiled countryside.

After a delicious meal, we are ready for the steep uphill climb before a well-deserved final descent to the castle.

Riding: We ride about 30 km through farmland on the Brigands Path. In the wooded hills that surround Onano, we glimpse stone pine trees atop an ancient Etruscan site and arrive on the flat plain of the Mezzano crater.

Alternatively you can choose to relax at the castle and take advantage of the swimming pool, tennis court, indoor and outdoor games. You can also opt to have a massage or take a cooking class (extra fees).

The dramatic view of the fortress in Sorano is worth a photo stop. Then, onwards towards Pitigliano, which was once an Etruscan village and then a medieval fortress owned by the noble Orsini family. We will stop to visit the historical center and the Jewish ghetto. The return route will steadily but gently climb until the final descent to the castle.

At the Madonna delle grazie church we will follow the track north through enchanting countryside back to the castle.

Meals included: Breakfast, Lunch & Dinner

Overnight at the Castle

Day 7 (Friday): Half-Day of Activities

Cycling: Road Bike ride to Monte Amiata (about 107 km - a less challenging ride is available). Mount Amiata is the big irresistible challenge for local cyclists. The first part is an easy mostly downhill route, following the old Roman road along the river Paglia. However, we soon start climbing for 27 km up along the mountain, crossing Piancastagnaio and Abbadia S. Salvatore. The road winds up through the old mines, then through the chestnut woods for a time that seems never ending. Finally, we reach the top at 1734 m. A well-deserved stop to refuel and take some photos and then down the steep roads of the southern side of the mountain. The air is cool and thin and you can feel the difference. Watch out on the last 20 km where there are ups and downs on the hills not to be underrated.

Riding: Go on a half day ride (about 16km) following an old Etruscan trail. We will ride up through thick woods to the top of the crater surrounding lake Bolsena. Here, we will enjoy remarkable scenery including vineyards, Etruscan tombs, the prominent volcanic lake and the panorama dominated by the famous Farnese palace in Gradoli; a gift made by the Pope in 1500 for his nephew for his wedding - what a present!

We will return to the castle riding through the vineyards, vegetable gardens and enchanting woods. In particular, we will enjoy a canter across a tunnel made by oak trees above an old shepherds path.
