About Hidden Trails

Explore the World on & with Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love the outdoors and adventure activities. We have been involved with outdoor vacations for over 20 years. We have collected the best outdoor vacation destinations all over the world in some hidden places we would like to share with you.

These vacations are about forging rivers, biking along canals and through forests, hiking along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for the outdoors has no boundaries but possesses a common language we all speak and understand.

You will experience new countries and their customs and make new friends.

These trips have been tested by our staff or associates and received our stamp of approval. If you are considering a special outdoor vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream.

We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

Introduction

Texas, USA

Located in the heart of the beautiful Texas hill country near Bandera, the Equestrian Lodge offers first-class accommodations and quality riding clinics!

The lodge lies on the northeast boundary of the Hill Country State Natural Area - a 5,400 acre primitive area, which boasts two live streams and 35 plus miles of riding and hiking trails. An ideal place for horseback riders as well as a peaceful retreat for bird-watchers and nature-lovers of all types. The Equestrian Lodge features specialized instructions in its equestrian facilities, offering private and group instruction to it's guests, in such disciplines as Western Horsemanship, English Equitation, Reining, Cutting, Dressage, and Combined Training.

The purpose of the Whole Horsemanship Clinic is to provide an overall understanding of the effective horsemanship process, thus providing a framework over which the student may continue to develop their skill as horsemen and women. The riding clinic can be applied to either Western or English disciplines, and include study and practice of the following topics: Psychology of the horse and the rider's place in it. Developing trust and respect between horse and rider. Developing a "Good Seat". Balance, relaxation, posture, and proper biomechanics for the rider. Developing "In Frame" movement in the horse. Balance, flexion, collection, and relaxation. How to use proper cues to accomplish the desired result. Applying the above principles to specific disciplines and events.

Riders of any skill level will benefit from this in-depth study of the fundamentals of effective riding and horsemanship. (Only riders of like skill level are taught together.) A maximum student to teacher ratio of 2 to 1 insures ample personal attention. The clinics typically include 2 hours of instruction and 2 hours of trail riding per full day, and a 2-hour instructional session the morning of guests' departure. Schedules are modified to meet the needs of the participants and seasonal weather conditions.
