## About Hidden Trails

Explore the World on & with Hidden Trails

Hidden Trails is owned and operated by nature enthusiasts who love the outdoors and adventure activities. We have been involved with outdoor vacations for over 20 years. We have collected the best outdoor vacation destinations all over the world in some hidden places we would like to share with you.

These vacations are about forging rivers, biking along canals and through forests, hiking along age-old trails, gazing at beautiful vistas and encountering foreign cultures. But most of all, these trips are about getting away from the cycle of too much work and never enough free time.

Escape from the rituals, which long ago froze our nights and days into little more than routine and away from the worries of our new tense times. It is so satisfying when we take the plunge of adventure - it's unfortunate that we invent so many reasons to put aside living our dreams of adventure. It is sometimes a tangled web that we weave through life. Some of the threads reveal a work-a-day world of commitments, duties and obligations. Other threads are of a quiet fabric of hope, responsibility and refreshment.

On our adventures you see the real country, its back country and meet the locals. The love for the outdoors has no boundaries but possesses a common language we all speak and understand.

You will experience new countries and their customs and make new friends.

These trips have been tested by our staff or associates and received our stamp of approval. If you are considering a special outdoor vacation anywhere in the world, call us first and let our experienced consultants match the perfect trip with your dream. We will listen to you and give you objective advice to help you choose the best destination and adventure.

Your vacation is the most precious time of the year and we are committed to making it the most memorable time of your life. Wherever you go, have a great time and bring back some peace of mind.

Thank you for your continued support.

## Introduction

Cusco, Peru

This three-day adventure to the base of Mt Salkantay has been designed for those travelers with limited time.

The trip starts with a visit to the Inca archaeological site of Quillarmiyoc. This was a site of adoration to the Moon, one of the most important deities to the Incas. After setting the mood of history and wonder, you will follow the path of the Salkantay Trek to our signature lodge. Being very eco-friendly, we have designed our lodges and way of life around environmental sustainability. This adventure heightens in excitement as you explore the trails and glacial lakes below snow capped peaks. This is truly an adventure that will leave you filled with unforgettable memories. You will experience the same high-level guiding and adventure as any longer tour.

## Accommodation

### Accommodation

Our flagship Salkantay Lodge was built on the flatlands of the Rio Blanco river valley, with a stunning, unobstructed view of the majestic Salkantay mountain peak. Its contemporary, eco-conscious design is an inspiration. (12,690/3,869 m). The eco-minded architecture effortlessly mixes traditional Andean building techniques with contemporary design to blend seamlessly into their environs. Enjoy the simplicity of sitting back in their outdoor hot tub and let your worries drift away. We provide a limited number of hair dryers due to limited energy supply and environmental concerns. Shampoo, conditioner, and bath gel is provided at the lodge. Bathrooms are equipped with drying lines and laundry facilities are available at the lodge.

A laundry service is provided at the Salkantay Lodge (US\$ 8 per small bag & US\$16 per medium bag) There are 110V compatible sockets in the lodges (220V is the official voltage)

### MASSAGE SERVICES

We offer professional massage services at the Salkantay Lodge from March-December—subject to availability, please inquire prior to departure. The cost for a massage service is ~\$85 per 50 minute session.

### RURAL SATELLITE PHONE

- The Lodge has a stationary rural satellite phone which the guests can use.
- International calls can be placed and received. However, we kindly ask to refrain from receiving incoming calls unless in case of emergency, as a sign of respect and courtesy for other guests.

### RURAL SATELLITE INTERNET

Though it is our goal to try and maintain our guest's experience as pure and natural as possible, with as less contact with urban trails (like internet) as possible, we understand that internet might have become a necessary service for some guests. Thus, we provide rural wi-fi internet service at the lodge. However, as a sign of respect and courtesy to other guests, we kindly ask that the use of the internet service is limited to use within the guest rooms and is prohibited in the common areas of each lodge.

At the lodge, it costs US\$12.00 per day (unlimited). A "public" laptop is available at each lodge for the guests to use for a flat fee of US\$6.00 per session. Each session has a maximum duration of 45 minutes per guest. Please keep in mind that good internet reception is not guaranteed due to the satellite-based nature of the system. Continuous and/or extreme bad weather conditions might negatively affect the internet signal.

#### Meals

All meals from breakfast on Day 1 to lunch on Day 3 are included as well as water, tea, coffee, and soft drinks at the lodge.

We offer meals that have been farmed locally and we use local organic ingredients in all of our meals. Alcohol and sports drinks are not included.

Meals at the lodges are designed to be light, because of the effect high altitude has on the digestion, and to contain the necessary nutrition for guests riding at high altitude. We offer meals that have been farmed locally and we use local organic ingredients in all of our meals.

In an effort to reduce plastic waste on the trail and at the lodge, we encourage guests to use refillable water bottles. For this purpose we provide an ample supply of the highest - quality filtered water.

#### Dietary Restrictions

We can cater to most dietary restriction if given prior notice.

Please inform us at the time of booking of any dietary requirements. If any requirements should arise between the time of booking and the trip beginning, for instance, due to a change in health circumstances, ie, diagnosis of diabetes, please inform us as soon as possible and we will make every effort to accommodate your needs.

### Riding

#### Fitness

This trip is not exclusively for avid hikers. People under 65 years old who are in a decent shape and are willing to hike from 3 to 6 hours will be fine. Pre-trip preparation should include challenging cardiovascular exercise including regular hikes on varied terrain, and a healthy, balanced diet. Well-worn hiking boots and additional acclimatization nights in Cusco or the Sacred Valley before the trek are both highly recommended. Having said this, please be assured that all guests are encouraged to hike at their own pace and take breaks whenever needed to ensure a successful and enjoyable trek for all. Our main recommendations to ensure a safe and fun adventure would be the following:

- Try to eat light food the last few days before flying to Cusco.
- Exercise yourselves with small walks.
- Be fully hydrated while you are in Cusco.
- Try not to medicate yourself without the insight of a professional.
